PINTO HORSE ASSOCIATION OF AMERICA, INC.
1900 SAMUELS AVENUE
FORT WORTH TX 76102-1141
(817) 336-7842

** REMINDER. AS OF JANUARY 1, 1990, PINTO COLORED STALLIONS OF RECOGNIZED OR APPROVED OUTCROSS BREEDS AND STALLIONS REGISTERED WITH APHA WILL NO LONGER BE ACCEPTED FOR LISTING. THEY MUST APPLY FOR REGULAR PtHA REGISTRATION, IF NOT ALREADY REGISTERED OR LISTED PRIOR TO 01/01/90 WITH PtHA.*

REGARDING PtHA STALLION LISTING

All outcross stallions are required to be LISTED (*) or registered with the Pinto Horse Association of America, Inc. prior to the registration of their 1983 or after get. If the stallion is not **REGISTERED** PtHA or **LISTED** with PtHA, the female foals will be assessed additional hardship fees and have their sire listed as undocumented on their registration certificate. No stallion foals can be registered by an unlisted or unregistered (with PtHA) sire through normal PtHA registration procedures.

(*) AS OF JANUARY 1, 1990, ALL APHA REGISTERED OR PINTO COLORED STALLIONS REGISTERED WITH OTHER APPROVED OUTCROSS REGISTRIES WILL NO LONGER BE ACCEPTED FOR LISTING WITH PtHA. I.E: THEY WILL HAVE TO APPLY FOR REGULAR PtHA REGISTRATION IF NOT ALREADY REGISTERED OR LISTED WITH PIMA PRIOR TO JANUARY 1, 1990.

The fee for listing, which is not registration, is \$25.00 for each stallion. The fee shall be submitted along with the information completed on the reverse side of this form and the requested copy of the stallion's outcross registration certificate.

This identification is beneficial to the stallion owner as it gives the PtHA the correct signature(s) to honor on all breeding documents; as well as furnishing pedigree and registry documentation for the progeny and future generations from this stallion. A number will be issued for this stallion, which will be used on all future documents. IF A REGISTRATION APPLICATION IS IN PROCESS FOR A FOAL BY THIS STALLION, PLEASE MAKE NOTE OF THIS BELOW.

If the stallion changes ownership, the transfer of the listing certificate must also be submitted and completed. The owners of listed stallions are required annually to file a stallion breeding report covering all exposures to the stallion. Reports must be filed with PtHA by December 31 following the breeding season or a late fee of \$25.00 will be assessed, in addition to the annual filing fee of \$10.00. Past year reports may be filed at no additional late fee if they accompany the initial listing application. There is a \$10.00 annual filing fee for each breeding report (year) filed. Any changes or amendments to any stallion breeding report already filed will require an additional \$10.00 amended filing fee, per mare added or change. Copies of other association's reports are acceptable, as long as they include the PtHA Listing or Registration number assigned for that stallion. Incomplete stallion breeding reports will be returned and are subject to possible late fees.

Animals with Pinto coloration, breeding or characteristics may be registered for show or breeding purposes rather than listing. It is advantageous to register rather than list whenever possible; as you may wish to show or breed Pintos. The color requirements for Pintos have been decreased as of November 1989, so contact the PtHA office if you have a horse with minimal color that may qualify for registration in our regular color division.

You may wish to retain a blank stallion breeding report in your files for future copying and filing purposes. PtHA will accept copies of any of our forms for more extensive use.

PLEASE LIST ANY FOAL REGISTRATIONS THAT MAY BE IN PROCESS AT PtHA PENDING THE LISTING OF THE SIRE DESCRIBED ON THE REVERSE SIDE:
