Foreword

The National Reining Horse Association is a non-profit Organization dedicated to the promotion of the Reining Horse. The Association was formed in 1966 to encourage the showing of reining horses by providing worthwhile purses for which they can compete, by developing a standard method under which all reining contests can be conducted, and by acting as a forum for their breeders and trainers.

In the fall of 1967 the Executive Committee of the National Reining Horse Association appointed its first Directors. A Rules Committee was chosen from these men. This booklet contains a revised version of the original ground rules and further changes will be adopted by the Board of Directors as deemed necessary. Deciding rule changes will not be difficult if our officers and Board of Directors remember the dedication and original intent of our founders.

Section 3. In the event the Board of Directors retains a person or qualified firm to be **Commissioner** of the Association, this person shall not be a member of the Board of Directors. The Board of Directors may retain a **Commissioner** to perform the

(b) The meeting of the Board of Directors may be held at such place within the state of Oklahoma or elsewhere, as the majority of Directors from time to time may determine, or as may be designated in the notice calling the meeting. Any meeting held outside the state of Oklahoma shall be considered solely for the convenience of the Board of Directors and shall not be considered as conducting business in the jurisdiction where the meeting takes place.

(c) Special meetings of the Board may be held at any time and place on the call of the President, a 2/3 majority of the Executive Committee or of a majority of the Board, in either case upon ten (10) days' notice by first-class prepaid mail, or five (5) days' notice delivered personally or by telephone or electronic mail. Such notice shall state the date, time and place of the meeting and shall be deemed given at the time when personally delivered, deposited in the mail, sent by electronic mail or orally transmitted to recipient via telephone.

(d) Any action required or permitted to be taken at any meeting of the Board of Directors, or of any committee thereof may be taken without a meeting if all members of the Board or committee, as the case may be, consent thereto in writing or by participation, and the writing or

The attendance of a Director or committee member at a meeting shall constitute a waiver of notice of such meeting, except where a Director or committee member attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened. The business to be transacted and the purpose of any regular or special meeting of the Board of Directors shall be specified in a notice, or waiver of notice of such meeting. Section 6. Quorum. A quorum for the purposes of these Bylaws is defined as a majority of the members of the Board of Directors. Once it is established that a quorum exists, any question that may come before the meeting shall be decided upon by a simple majority of such quorum, with the exception however, that in extraordinary circumstances, if a majority of the directors to form the initial quorum is not achieved, then the presiding officer may determine if there is a minimum of 36% of the total Board members present, and, if so, continue the meeting and any question coming before the meeting would require a two-thirds majority to act as if the entire board were sitting.

Section 7. Any Board of Director that misses more than two (2) unexcused meetings per year may be removed for cause.

Section 8. By resolution of the Board of Directors, the Directors may be paid their expenses, if any, of attendance at each meeting of the Board of Directors and may be paid a fixed sum for attendance at each meeting of the Board of Directors or a stated salary as a Director. A Director shall not be considered to be acting in good faith if he or she has knowledge concerning the matter in question that would cause his reliance to be unwarranted. In discharging the duties of their respective positions, the Director shall at all time use the skill and diligence a person of ordinary prudence would use in similar circumstances. So long as the Director uses such skill and diligence as a person of ordinary prudence would use under similar circumstances, he or she shall not be held personally responsible for any actions taken on behalf of the Association.

Section 10. Removal Any Officer, Director, or the president of the Reining Horse Sports Foundation may be removed from the Board of Directors by a majority vote of the Board of Directors whenever, in its judgment, the best interests of the association would be served thereby. However, such removal shall be without prejudice to the contract rights, if any, of the person so removed.

(2) Any member interfering with or attempting to influence the outcome of a protest investigation or hearing may be subject to disciplinary action by the NRHA.

Section 7. Reinstatement Guidelines.

(1) Must pay all obligations as a result of failure to pay or any other fines assessed by the NRHA.

(2) Members who are suspended for any reason must pay the association a \$100 fee to reinstate their membership.

(3) Members who have received disciplinary action and/or suspension will lose privileges (Professionals, Non Pro, Judges, etc.) for the duration of the disciplined period.

(4) All disciplined and/or suspended members must reapply to regain privileges (Professionals, Non Pro, Judges, Show Secretaries, Stewards, etc.) once the duration of the disciplined period is concluded. To reapply, the member must request in writing to the NRHA Executive Committee. The Executive Committee shall have the right to request a recommendation from an NRHA Committee prior to making a decision.

(5) Once re-instated, the member shall be eligible for the same divisions as previous to the suspension, pending the eligibility criteria did not change during the length of the disciplinary action and/or suspension time period.

G. Animal Welfare and Medications Provisions Applicable to all NRHA Events.

It is not NRHA's intention to conflict with rules and regulations of states, provinces or countries in regards to medications. In cases, where NRHA shows are held in states, provinces or countries with medications rules and regulations, the rules and regulations of the state, province or country take precedence.

Section 1. Testing

(a) All horses entered in an NRHA approved class that meet the criteria of the NRHA Animal Welfare and Medications Policies are subject to examination by a licensed veterinarian who must be approved by NRHA. Said approved veterinarian may appoint a technician to perform certain duties under this rule. The examination may include physical, urine, blood tests and/or any other test or procedure at the discretion of said veterinarian necessary to effectuate the purposes of this rule.

(b) Persons responsible for a horse being tested who are not able to accompany NRHA drug testing personnel and the horse to the location where sample collection

is to take place, to act as witness to the collection and sealing of blood and urine samples, and to sign the drug collection documents in the appropriate places as witness, must appoint an agent to do so. The absence of such a witness shall constitute a waiver of any objection to the identification of the horse tested and the manner of collection and sealing of the samples.

(c) Upon the collection of a sufficient number of tubes of blood from the horse, the tubes shall be divided into two groups. One group shall be labeled and identified as Blood Sample A, and the other as Blood Sample B, and they shall be sealed accordingly. Upon the collection of a sufficient volume of urine from the horse, a portion of the sample shall be poured into a second urine sample container. One container shall be labeled and identified as Urine Sample A, and the other as Urine Sample B, and they shall be sealed accordingly. These procedures shall be performed whether or not the person responsible or his/her appointed witness is present as provided for in Section 1(b) above.

(d) In the event reasonable attempts at sample collections from the horse do not provide a sufficient number of tubes of blood or a sufficient volume of urine to be divided, labeled, and identified as Samples A and B, as determined by the testing veterinarian and/or technician, the sample(s) obtained (if obtained) shall be labeled and identified as Sample(s) A only, and it shall be recorded in the records of the Animal Welfare and Medications Program that the corresponding Sample(s) B does (do) not exist, in which event the obtained Sample(s) shall be subject to testing.

Section 2. Cooperation

(a) Cooperation with the veterinarian and/or his agent(s) includes:

- i. Taking the horse and the veterinarian and/or his agent(s) immediately to the location selected by said veterinarian and/or agent(s) for testing the horse and presenting it for testing.
- ii. Assisting the veterinarian and/or his agent(s) in procuring the sample promptly, including but not limited to removing equipment from the horse, leaving it quietly in the stall and avoiding any distractions to it. Schooling, lengthy cooling out, bandaging and other delays of this type shall be construed as noncooperation.

Section 3. Responsibility and Accountability of Person(s) Responsible

(a) A person responsible is defined as any adult or adults who has or shares the responsibility for the care, training, custody, condition, or performance of a horse whether said person be a trainer, owner, rider, agent and/or coach. Where a minor exhibitor has no person responsible, then a parent, guardian or agent or representative thereof assumes responsibility.

(b) The person(s) responsible in the absence of substantial evidence to the contrary are responsible and accountable under the penalty provisions of these rules:

i. for the condition of a horse at an NRHA approved event and

ii. to know all of the provisions of General Rules and Regulations (G) (including any advisories or interpretations published in the *NRHA Reiner*) and all other rules and regulations of the NRHA and the penalty provisions of said rules. For purposes of this rule, substantial evidence means affirmative evidence of such a clear and definite nature as to establish that said person responsible, or any employee or agent of the person responsible, was, in fact, not responsible or accountable for the condition of the horse. If any person responsible is prevented from performing his or her duties, including responsibility for the condition of the horses in his or her care, by illness or other cause, or is absent from any NRHA approved event where horses under his or her care are entered and stabled, he or she must immediately notify the event secretary and, at the same time, a substitute must be appointed by the person responsible and such substitute must place his or her name on the entry blank forthwith. Such substitution does not relieve the regular person responsible of his/her responsibility and accountability under this rule; however, the substitute person responsible is equally responsible and accountable for the condition of such horses.

(c) The person responsible and owner acknowledge that the person responsible represents the owner regarding horses being trained or managed, entries, scratches for any reason and any act performed on any horse under the care and custody of the person responsible.

(d) In the case of a horse competing under the Therapeutic Substance Provisions, any person responsible or other person subject to these rules who actually administers, attempts to administer, instructs, aids, conspires with another to administer or employs anyone who administers or attempts to administer a forbidden substance to a horse which might affect the performance of said horse at an event licensed by the NRHA without complying with Section 8, is subject to the penalties provided in Section 5, and General Rules and Regulations (E) and the Animal Welfare and Medications Policies.

(e) Any person(s) responsible or person subject to these rules who administers, attempts to administer, instructs, aids, conspires with another to administer or employs anyone who administers or attempts to administer any substance to a horse by injection or by any other route of administration, whether the substance is forbidden or permitted, at an event licensed by the NRHA, whether it be during a scheduled class in the competition ring, prac-

tice arenas, alleys leading into the arenas or any other public areas of the show grounds, is subject to the penalties provided in Section 5.

(f) Unless administered in a life-saving situation which should be done based on consultation with a veterinarian.

Section 4. Results, Confirmatory Analysis, and Retest

(a) Blood and urine samples labeled and identified as Samples A shall be subjected to chemical analysis by a laboratory with which NRHA has contracted for its services. Blood and urine samples labeled and identified as Samples B shall be stored securely, unopened, at the contracted laboratory, to be used in the event that a confirmatory analysis shall be required.

(b) In the event the chemical analysis of Blood or Urine Sample A is negative, i.e., no forbidden substance or any metabolite or analogue thereof is found to be present in the sample, the corresponding Blood or Urine Sample B shall be destroyed by the laboratory.

(c) In the event the chemical analysis of Blood or Urine Sample A is positive, i.e., a forbidden substance or any metabolite or analogue thereof is found to be present in the sample, this shall be prima facie evidence that the forbidden substance was administered in some manner to said horse, whether intentionally or unintentionally, or otherwise was caused to be present in the tissues, body fluids or excreta of the horse at the event, whether intentionally or unintentionally, such that the person(s) responsible deemed responsible and accountable for its condition is (are) liable under the provisions of Section 3.

(d) In the event the chemical analysis of Blood or Urine Sample A is positive, and upon the issuance of Notices of Charge to persons deemed responsible and accountable under the rules, a person charged who requests a confirmatory analysis of the corresponding Blood or Urine Sample B must make the request in writing to NRHA Counsel, and it must be received within 15 days of the date of the Notice of Charge.

(e) The confirmatory analysis of the corresponding Blood or Urine Sample B shall be performed by a drug testing laboratory that must be mutually agreed upon by the person charged who requests the confirmatory analysis and NRHA Counsel, which laboratory must have demonstrated proficiency in performing the necessary confirmatory analysis, provided the corresponding Blood or Urine Sample B exists and is of sufficient volume to permit a confirmatory analysis. In the event the drug testing laboratory that analyzed Sample A is the only laboratory that has demonstrated proficiency in performing the necessary confirmatory analysis, as determined by NRHA Counsel, this laboratory shall be the only laboratory to which NRHA Counsel shall agree to perform the confirmatory analysis of the corresponding Sample B. Upon the completion of the confirmatory analysis, the laboratory performing the confirmatory analysis shall

forward its findings and supporting data to all parties.

(f) In the event no agreement is reached as to a laboratory as required in Section 4(e) above, and the person charged who requests the confirmatory analysis does not revoke his/her request, the confirmatory analysis of the corresponding Blood or Urine Sample B shall be performed by the contracted laboratory as determined by NRHA Counsel, which laboratory shall forward its findings and supporting data to all parties. Both the results of the analysis of Sample A (and supporting data) and the results of the confirmatory analysis of the corresponding Sample B, if any (and supporting data, if any), shall be admissible as evidence in any hearing or proceeding pertaining to this matter.

(g) In the event the corresponding Blood or Urine Sample B does not exist, or is of insufficient volume to permit a confirmatory analysis, as determined by NRHA Counsel, and there exists a remaining aliquot of Blood or Urine Sample A which is of sufficient volume to permit a retest, as determined by NRHA Counsel, a person charged who requests the retest of Blood or Urine Sample A must make the request in writing to NRHA Counsel, and it must be received within 7 days of the determination that the corresponding Blood or Urine Sample B does not exist or is of insufficient volume to permit a confirmatory analysis.

(h) Any requested re-test of the remaining aliquot of Blood or Urine Sample A, provided it is of sufficient volume to permit a retest, shall be performed by the contracted laboratory as determined by NRHA Counsel.

(i) The retest of the remaining aliquot of Blood or Urine Sample A may be witnessed by a Witnessing Analyst appointed by the person charged who requests such analysis at the same time as the retest is requested. The Witnessing Analyst must be a qualified analytical chemist employed by an equine drug testing laboratory. If no Witnessing Analyst is appointed by the person requesting the retest, or if the Witnessing Analyst is unavailable within a reasonable time, the requested retest of the remaining aliquot of Blood or Urine Sample A shall proceed without the Witnessing Analyst.

(j) In the event the Witnessing Analyst appointed by the person requesting the retest of the remaining aliquot of Blood or Urine Sample A is satisfied that the positive result is correct, NRHA Counsel must be informed immediately by fax with confirmation by letter.

(k) In the event the Witnessing Analyst is not satisfied that the result of the retest of the remaining aliquot of Blood or Urine Sample A is correct, NRHA Counsel must be informed immediately by fax followed by a written report setting forth the basis for the Witnessing Analyst's opinion. Copies of the original and subsequent results and supporting analytical data must be submitted to the NRHA Hearing Body as part of the hearing record in the case,

for resolution by it of any and all issues regarding the original analysis of Blood or Urine Sample A and the retest of the remaining aliquot of Blood or Urine Sample A.

(l) By requesting the confirmatory analysis of the corresponding Blood or Urine Sample B, or the retest of the remaining aliquot of Blood or Urine Sample A, or by requesting that the retest be witnessed by a Witnessing Analyst, the person charged who makes such request(s) agrees to and must pay any and all fees, costs and expenses relating to the confirmatory analysis or the retest, whether it is performed by a mutually agreed upon laboratory, by the contracted laboratory upon the presentation of an invoice by NRHA Counsel, and any and all fees, costs, and expenses relating to the Witnessing Analyst.

(m) If the chemical analysis of the sample taken from such horse indicates the presence of a forbidden substance or any metabolite or analogue thereof and all the requirements of Section 8 have been fully complied with, the information contained in said Medications Report Form and any other relevant evidence will be considered by NRHA in determining whether a rule violation was committed by any person(s) responsible or accountable for the condition of the horse under the provisions of this rule.

(n) When a positive report is received from the chemist identifying a forbidden substance, or any metabolite or analogue thereof, a hearing will be held in accordance with General Rules and Regulations (D) and the Animal Welfare and Medications Policies. No person responsible or accountable for the condition of said horse, will be suspended, or a horse barred from competition, until after an administrative penalty has been assessed or after the conclusion of a hearing and a written ruling thereon has been made.

(o) The owner or owners of a horse found to contain a forbidden substance or any metabolite or analogue thereof may be required to forfeit all prize money, sweepstakes, added money and any trophies, ribbons and "points" won at said event by said horse and the same will be redistributed accordingly. If, prior to or at a hearing, NRHA as the charging party, determines that one or more persons, not previously charged as a person responsible should also be charged as a person responsible, then, upon application by NRHA, the Hearing Body may, in its discretion, continue or adjourn the hearing, in whole or in part, to permit a new or amended charge to be issued (unless the person(s) to be charged waive notice).

(p) A person responsible of a horse found to contain such forbidden substance or any metabolite or analogue thereof is subject to whatever penalty is assessed by the Hearing Body, as provided by General Rules and Regulations (D) and the Animal Welfare and Medications Policies. Said person responsible may be fined and may

be suspended from all participation in NRHA approved events as outlined in General Rules and Regulations (D) Section 8 and the Animal Welfare and Medications Policies. In determining an appropriate penalty under these rules, the Hearing Body may take into account such factors and circumstances as it may deem relevant, including but not limited to:

- i. the pharmacology of the forbidden substance,
- ii. the credibility and good faith of the person charged or of other witnesses,
- iii. penalties determined in similar cases, and
- iv. past violations of any NRHA rules (or the lack thereof).
- v. reliance upon the professional ability or advice of a veterinarian who is a licensed graduate of an accredited veterinary school and who is in good standing in the state, province or country in which he/she primarily practices.

Section 5. Management Procedures

(a) Testing fees will be applied where testing is carried out at NRHA events as approved by the NRHA Board of Directors.

(b) Event management must cooperate with the veterinarian and/or his agents.

Section 6. Interpretations of the NRHA Animal Welfare and Medications Rule and its Application to Particular Substances.

Trainers, persons responsible and/or owners who seek advice concerning the interpretation and application of this rule should not rely solely upon interpretations or advice by private or event veterinarians, event officials, event personnel, or other persons, but should also obtain verification of any such interpretations or advice from the NRHA Animal Welfare and Medications Program office. Any trainer, person responsible or owner who is uncertain about whether this rule applies in any given situation would be well advised to withdraw the affected horse from competition until such time as the NRHA Animal Welfare and Medications Program office has been consulted.

Section 7. Equine Medications, The Therapeutic Substance Provisions

(a) No horse competing in an event approved by NRHA is to be shown in any class (see also Section 1 (a), last sentence) if it has been administered in any manner or otherwise contains in its tissues, body fluids or excreta a forbidden substance except as provided in Section 8.

For purposes of this rule, a forbidden substance is:

- i. Any stimulant, depressant, tranquilizer, local anesthetic, psychotropic (mood and/or behavior altering) substance, or drug which might affect the performance of a horse (stimulants and/or depressants are defined as substances which stimulate or depress the cardiovascular, respiratory or central nervous systems), or any metabolite and/or analogue of any such substance or drug, except as expressly permitted by this rule.

- vi. Any anabolic steroid.

(b) EXHIBITORS, OWNERS, TRAINERS, PERSONS RESPONSIBLE AND VETERINARIANS ARE CAUTIONED AGAINST THE USE OF MEDICINAL PREPARATIONS, TONICS, PASTES, AND PRODUCTS OF ANY KIND, THE INGREDIENTS AND QUANTITATIVE ANALYSIS OF WHICH ARE NOT SPECIFICALLY KNOWN, AS MANY OF THEM MAY CONTAIN A FORBIDDEN SUBSTANCE.

(c) The full use of modern therapeutic measures for the improvement and protection of the health of the horse is permitted unless:

- i. The substance administered is a stimulant, depressant, tranquilizer, local anesthetic, drug or drug metabolite which might affect the performance of a horse or might interfere with the detection of forbidden substances or quantification of permitted substances; or
- ii. More than two nonsteroidal anti-inflammatory drugs are present in the plasma or urine of the horse (Section 8 does not apply); exception: salicylic acid and topical use of diclofenac (Surpass) is permitted in addition to two additional nonsteroidal anti-inflammatory drugs; or
- iii. The presence of such substance in the blood or urine sample exceeds the maximum limit or other restrictions prescribed herein below.

Section 8. Conditions for Therapeutic

Administrations of Forbidden Substances

(a) A horse exhibiting at an NRHA approved event pursuant to the Therapeutic Substance Provisions that receives any medication which contains a forbidden substance is not eligible for competition unless all of the following requirements have been met and the facts are furnished in writing on a timely-submitted official Medications Report Form:

i. The medication must be therapeutic and necessary for the diagnosis or treatment of an existing illness or injury. Any person responsible who is uncertain about whether a particular purpose is considered to be therapeutic would be well advised to consult his/her veterinarian or testing laboratory.

ii. The horse must be withdrawn from competition for a period of not less than 24 hours after the medication is administered.

iii. The medication must be administered by a licensed veterinarian in good standing, or, if a veterinarian is unavailable, only by the trainer/person

responsible pursuant to the advice and direction of a veterinarian.

iv. Administration of a forbidden substance for non-therapeutic or optional purposes (such as, by way of example only, shipping, clipping, training, turning out, routine floating or cleaning of teeth, non-diagnostic nerve blocking, uncasting, mane pulling or non-emergency shoeing) is not considered to be therapeutic. Medications are permissible if administered prior to 24 hours prior to competition and is declared on a timely-submitted official Medications Report Form. (see Animal Welfare and Medications Policies for details on permissible therapeutic medications).

v. Identification of medication—the amount, strength and route of administration.

A Medications Report Form must be filed with event management as required in this rule.

xiii. Lidocaine/Mepivacaine: Is a conditionally permitted medication that may only be used within 24 hours of competition under actual observation of event management (or designated representative) and/or the official event veterinarian, either of which must sign the medication report form, to aid in the surgical repair of minor skin lacerations which, due to their very nature, would not prevent the horse from competing following surgery. Treatments include, but are not limited to, repair of heel bulb. A Medication Report Form must be filed with the event management as required in this rule.

(b) Where all the requirements of Section 8 have been

fully complied with, the information contained in said Medications Report Form and any other relevant evidence will be considered by the NRHA in determining whether a rule violation was committed by any person(s) responsible or accountable for the condition of the horse under the provisions of this rule.

NOTE: The official Medications Report Form is available from the officiating Show Steward, Show Representative and/or Show Secretary. All required information must be included when filing a report. Failure to satisfy and follow all the requirements of this Rule and to supply all of the information required by such Medications Report Form is a violation of the rules. SHOW RULES AND REGULATIONS

A. MEMBERSHIP

This number must be used in all official communication with NRHA, and the card (or a photocopy) must also be shown to the entry secretary when entering NRHA approved classes. Renewals and new memberships can be applied for at any NRHA approved show. A temporary card will be issued which is good for forty five (45) days from issue. Entry forms must identify the horse with the correct competition license number, the rider with the correct and current membership number, and the owner or owners with the correct and current membership numbers to identify the ownership entity as recognized in the NRHA database. Any deviation from the above information may affect earnings for Top Ten purposes. (c) Should a member wish to protest the eligibility of a Non Pro, he/she may file a protest with the NRHA office in accordance with the procedures set forth in the Disciplinary Procedure section.

(d) NRHA has the right to review details of any transaction relating to the sale of a horse. Included in the review shall be methods of procurement, all transfer records, cancelled checks and deposit slips.

(6) NRHA Apprentice Program:

(a) Non Pro Apprentice Exemption: Apprentice status must be granted prior to an applicant apprenticing with an NRHA Professional. Applicants must allow ninety (90) days minimum for processing applications. (i) Apprenticeship is a twelve (12) month consecutive period. At the end of that time, the apprentice may remain an open rider. If the Apprentice does not remain an Open rider, the Apprentice must then reapply for Non Pro status and is subject to the Non Pro conditions. Any monies won during the 12 consecutive month Apprenticeship shall be applied to their Non Pro eligibility.

C. COMPETITION LICENSING

(1) Horses competing in NRHA approved competition may be required to have a competition license. Owners and co-owners must be current members of the NRHA prior to the horse being shown in any class except Category 10 classes. (see Show Rules and Regulations, A. Membership).

(2) Beginning January 1, 2002 a horse's registered breed name will be used as the NRHA competition name. Owners of non-registered horses may select a name, provided the name does not appear in the NRHA database prior to the date of application.

(3) For NRHA aged shows, the age of a horse shall be determined as follows:

(a) For horses foaled in the Northern Hemisphere, age will be determined by a calendar year starting January 1 of the year foaled. The horse is a weanling during the year foaled and a yearling during the following year.

(b) For horses foaled in the Southern Hemisphere, age will be determined one of two ways:

(1) Horses foaled July 1 through December 31 will be considered a weanling during the next calendar year after which it was foaled and a yearling during the subsequent year. (For example: a horse foaled in the Southern Hemisphere July 1, 2007–December 31, 2007 will be considered a weanling in 2008 and a yearling in 2009).

(2) Horses foaled in the Southern Hemisphere January 1 through June 30 will be considered a weanling during

the calendar year in which it was foaled and yearling during the following year.

(4) Competition licenses are permanent when issued to each horse and are not renewed each year. A fee will be charged for the original license, for replaced licenses, for transfers of ownership, and licenses requested by the owner to be reprinted for any reason (examples: person or horse name changes or gelding status). A photocopy of the horse's registration papers (or photographs of the front, back and each side in the case of unregistered horses) must be submitted with each license application. Applications are available at the NRHA office.

(5) In the case of a competition license transfer, it is the responsibility of the purchaser to obtain and submit all transfer paperwork and fees prior to the horse being shown. The transfer of or application for a competition license will be effective the date it is received in the NRHA Office or at an NRHA approved event and is not retroactive.

(6) The competition license will be returned to the recorded owner. The owner will be responsible for getting photocopies of the license to any person needing them for entry in any NRHA approved event.

(7) To enter NRHA approved competition, the competition license (original or photocopy) must be shown to the show secretary taking the entries when a competition license is required. All competition license applications and transfers of ownership must be completed prior to competing.

(8) If a horse is shown without correct ownership on the competition license the show secretary will be fined \$10 and the rider will be fined \$25. A second offense may result in the rider being disqualified and forfeited from the class and a \$200 fine.

(9) **Lost Competition Licenses:** Competition licenses that have been lost for any reason such as: lost in the mail, misplaced, destroyed, or not received from the previous owner, can be replaced by completing the Affidavit process and submitting the appropriate fee.

(10) Any misrepresentation or false statement on the license application shall constitute unsportsmanlike conduct and will subject owner and/or exhibitor to disciplinary action as set forth in the *NRHA Handbook*.

(11) When a horse is gelded, such fact must be reported to the NRHA office immediately. This must be done by providing the NRHA office the horse's original competition license and a statement from the owner of record indicating the date the horse was gelded. The NRHA office will make the appropriate notation on its records and on the competition license and return the license at no charge. If the owner requests the license be reprinted, fees will apply.

D. CATEGORIES OF COMPETITION AND CLASS ELIGIBILITY

Class Eligibility is based on the rider's and/or the horse's earnings as of January 1 of the current NRHA year. Eligibility levels will be set by the Board of Directors by August 31st of the preceding year for all categories.

It is the responsibility of the owner and/or rider to be aware of the official earnings of the horse and/or rider as recorded by NRHA. When limits of eligibility are surpassed during the show year, the exhibitor can complete the year in that specific class or division. Any rider participating in a class or division in which he/she (or the horse he/she is riding) is not eligible will be fined \$25 for the first offense. After receipt of the notice, any second offense may result in a fine of \$200. When a horse/rider is found to be ineligible, the earnings will be forfeited to the NRHA. Upon receipt of the earnings, NRHA will redirect the forfeited earnings to the show committee to be redistributed. NRHA will make corrections to the class placing and earnings in the database. It is the responsibility of the ineligible exhibitor to return all forfeited earnings to the NRHA and all prizes and awards to the show secretary.

In regards to a member suspended through the protest procedures, who has attained good standing in the association, their eligibility upon return will reflect the levels of eligibility they had when they were suspended.

E. UNAPPROVED CLASSES

AFFILIATE LEVEL CLASSES The NRHA recognizes the need for diversity in classes held at different levels of competition and in different geographical areas, as well as to generate promotional activity for affiliate groups. This diversity allows for growth and development of affiliate and uniqueness in show management.

Among these types of classes are: Ladies, Men's, Leadline and many additional classes with a variety of individual conditions written by the affiliate or show management. These classes often use NRHA rules with a noted variation in show conditions to accommodate the specific class.

NRHA does not sanction these classes for national competition, but does recognize and encourage their use for the growth and development of the affiliates, the interest of the exhibitors, and the overall management of the reining show.

Official NRHA trophies and plaques will not be awarded in Affiliate Level classes.

(1) All entry forms must accurately and truthfully identify horses, owner (based on records in NRHA database) and rider when the information is asked for from the exhibitor. Any misrepresentation or false statement on the entry form shall constitute unsportsmanlike conduct and will subject owner and/or exhibitor to disciplinary action as set forth in the *NRHA Handbook*, as well as affect the counting of earnings for Top Ten purposes.

(2) All exhibitors and owners/co-owners must be current members of NRHA. All NRHA members may renew or purchase their memberships at the show. Non Pro members may renew at a show if they present their previous year's non pro card to the show secretary. New Non Pro applicants must complete a Non Pro declaration and submit it with the Non Pro fee, a completed membership application and membership dues. If a horse is shown without current NRHA membership for the owner/co-owner and/or rider and it is required, the show will be fined \$10 per offense. The non-current member will be fined \$25 in addition to the cost of his/her membership. Failure to pay could result in suspension and all privileges of membership could be denied. Refer to *NRHA Handbook*, GENERAL RULES AND REGULATIONS, H. FAILURE TO PAY.

(3) All horses in a class must be drawn for position and must run as drawn, except in the case of an event that is running multiple arenas simultaneously. In this case priority is given to one arena and that arena will maintain the draw, while the other arena will allow for flexibility in the draw to assist riders with conflicts between arenas. All horses must have a correct exhibitor number displayed.

(4) The draw must be available to exhibitors at least one hour prior to the first horse entering the arena. In a case where the entries of a class close the night before a class is to be held the draw must be posted by 10:00 p.m. the day the class entries close.

(5) If an entry is made after the draw is posted, it is the decision of the show management as to whether that entry runs first or last. It must be consistent for all entries in that class (except in the case of an exhibitor with multiple horses).

(6) Exhibitors that enter and scratch a class for any reason after the draw has been posted will be liable for any and all fees incurred in connection to entering that class.

(7) Failure to display exhibitor number or displaying incorrect exhibitor number will result in the rider receiving a \$25 fine per offense.

(8) If an entrant misses his/her turn as determined by the draw, he/she will be disqualified from that go round (except for cases where unusual and truly unavoidable circumstances

exist). Each case will be judged on its own merit by the judge(s).

(9) Substitution of riders will not be permitted except by agreement of the show management and NRHA Representative/Steward in case of injury or other extenuating circumstances.

(10) A rider may not show more than three (3) horses in an NRHA class. If a rider rides more than one horse, there should be a spread of at least eight (8) horses between his/her runs. In cases where this minimum spread is not possible due to the number of entries, the spread should be the maximum possible. A horse may be entered only once per class. In the instance where classes are run concurrent, a rider may show three horses per class and a horse may only be shown once. In Adaptive Reining classes a rider cannot show more than one horse in the same class and a horse may be shown a maximum of two (2) times in the same class.

(11) No event may run two separate shows of the same class concurrently as a double judged event.

(12) If a horse is shown without correct ownership on the competition license, when ownership records are required, the rider will each be fined \$25. If a show secretary reports an incorrect owner on show results they will be fined \$10. A second offense may result in the rider being disqualified and forfeited from the class and a \$200 fine.

(13) All horses must be ridden astride.

(14) It is mandatory for all riders to use appropriate western tack and western attire while showing; this would include a long sleeve shirt, western hat or safety helmet, boots, western saddle, and western bridle. (Freestyle reining being exempt based on conditions.) Failure to use appropriate attire will result in a score of 0. The use of a helmet is mandatory in all Adaptive Reining classes.

(15) The Affiliate, Show Committee and all participants, spectators and others, acknowledge that because these rules have been established on the basis of experience and fairness to all who are interested in the betterment of reining horse competition, the NRHA assumes no liability for any injuries, damages or claims of whatever nature from any Affiliate, Show Committee, participant or spectator arising out of performance conducted under the NRHA General Rules and Requirements.

(16) Any person or entity in violation of NRHA rules may be subject to, but not limited to, fines, forfeitures, exclusion from Top Ten standings, probation, and/or disciplinary procedures.

(17) At all shows where there is an official videographer, exhibitors by entering are giving permission to NRHA to use any and all video for educational purposes. Permission must also be obtained from the show's management.

(18) No horse may be shown before its 3-year-old year in NRHA events.

Q. TIES

(1) All ties for 1st place will be worked off if the tied exhibitors agree to participate in a run-off. Tied exhibitors have the alternate option of agreeing not to run-off and to be named co-champions but must determine the winner of the awards by a flip of a coin. If they do not agree, the exhibitor(s) who does not want to run-off will forfeit first place to the other(s). (Exceptions: Freestyle reining—see Freestyle Reining conditions to determine winner or co-champions.)

(2) Ties that are worked off will use the same pattern and order of go as was used during the event; however, there will not be more than one run-off.

(3) If a tie occurs after the run-off, the entrants will be named co-champions; will evenly split 1st and 2nd prize money, but must determine the winner of the awards by a flip of a coin.

(4) In the event of a co-championship, the participant that loses the coin toss does have the option of purchasing a second trophy.

(5) A horse not returning for a run-off without such an agreement will forfeit 1st place prize money regardless of the added money. (If three or more exhibitors have tied for 1st place, the exhibitor(s) not returning for the run-off will be placed in the lowest position for which he/she was tied, i.e., in a three way tie for first, the exhibitor not returning would receive 3rd place.)

(6) In the case of a run-off, the contestant(s) not winning the run-off cannot be placed lower than the lowest position for which he/she was tied, i.e., 2nd/3rd.

(7) All other ties are not worked off and will involve as many places as there are horses tied, i.e., 4th, 5th, 6th, 7th. The prize money in the previously mentioned example is added together and split equally four ways.

R. SHOW RESULTS

(1) The manager and/or secretary will postmark official documents (show results, original judge's score card, membership applications and other NRHA documents) to the NRHA office within ten (10) days after the last day of the show as required by the rules herein. Show manager and /or secretary will also maintain a copy of show results and maintain the official show entry forms for a period of at least twelve (12) months. Prior to returning to the NRHA office within the ten (10) day requirement, the original judge's sheets must remain in the custody of show secretary for supervision, control, and safekeeping.

(2) Ancillary, Breed Restricted, Affiliate, Entry Level Ride & Slide, Green Level and Adaptive Reining show results must record all riders and horses shown, including scratches, zeros and no scores in the proper placing and be properly labeled. Show results must include membership numbers for all riders and owners/co-owners. Show results must include competition license

numbers for every horse when it is required by show conditions.

Aged Show results must record all money earners in the proper placing. Show results must include membership numbers for all riders and owners/co owners. Show results must include competition license numbers for every horse. Original judges score cards must accompany show results. If show results are submitted incomplete, they will not be accepted and are subject to late fines if complete show results are not submitted within the specified time limit (see section N.4.).

Category 10 show results must record all money and/or point earners in the proper placing. Show results must include membership numbers for all riders. Original judges score cards must accompany show results. If show results are submitted incomplete, they will not be accepted and are subject to late fines if complete show results are not submitted within the specified time limit.

(3) Calculation of the NRHA five percent (5%) retainage shall be the total entry fees, minus the NRHA trophy cost (if an NRHA official trophy is ordered) multiplied by five percent (5%). Shows that require NRHA five percent (5%) retainage to be paid, must submit payment of the five percent (5%) fees with their show results within the timeline stated in this *handbook*.

(4) Shows failing to postmark show results by ten (10) business days following the completion of an NRHA event will be assessed a penalty of \$100. Submitting late show results may jeopardize future NRHA show approvals as determined by the NRHA Executive Committee. An additional penalty of \$500 will be assessed if postmarked after twenty (20) business days. Any results not received by the completion of the NRHA Futurity will not be recognized by the NRHA office.

(5) NRHA approved events will pay back to the current rider, agent, or owner of the horse as recorded with the NRHA the total of the net entry fees, less the show committee's retainage plus the total added money (the full amount of added money must be paid out). Round to the nearest penny when calculating prize money. The contestants will be paid from this pool on a percentage basis depending on placement and number of entries. The payback in all NRHA events (including jackpot classes) will use the appropriate percentage payback schedule provided in the *NRHA Handbook*. Refer to NRHA Worksheet For Paybacks.

(6) Payout to current recorded rider, agent, owner, or responsible party must be made within forty-five (45) days following the completion of the NRHA event. Failure to comply may jeopardize future NRHA approval as determined by the Executive Committee. For events that have been approved for medications testing, NRHA may approve a request, submitted along with show approval, for show management to withhold distribution of purse money earned by horses selected for testing. Pending determination of medications testing, show management of these approved events will receive notification

from NRHA when purse money can be distributed. Show management must distribute purse money within ten (10) days of NRHA's notification. NRHA reserves the right to require an event to withhold distribution of purse money earned by horses selected for testing pending determination of medications testing. Failure to comply may jeopardize future NRHA approval as determined by the Executive Committee.

(7) Youth Class Results: The top 10 youth in each class must be placed and reported on the official show results form. Prize money for added money and jackpot NRHA youth reining classes must be calculated using NRHA Payback Schedule A. The prize money and points must be represented on the show results forms. When calculating youth money, the NRHA plaque cost may not be deducted and the NRHA five percent (5%) office fee is not deducted and is not paid to NRHA. No other type of office fee may be charged to NRHA approved youth classes.

(8) Neither a no score nor a 0 are eligible to place in a go round or single go round class. Neither a no score nor a 0 may advance in a multi-go event. In multi-go events, finals qualifying horses that get a 0 or scratch will still be eligible for payouts, with a 0 placing higher than a scratch. In the event not enough horses qualify for total purse distribution, the undistributed portion of the purse will be retained by show management.

(9) When copying is available, posting judge's score cards is mandatory for NRHA approved classes. Score cards should be posted within one hour of class completion. In the event copies are not an option, judge's score cards must be made available for supervised inspection. Original judge's score cards must remain in the custody of the show secretary for supervision, control, and safekeeping until they are returned to the NRHA office with the show results. Original judge's score cards must be returned to the NRHA office with show results.

(10) A reining will be complete and the posted scores will be considered official thirty minutes following the last horse of the day. Scores must be posted or made available to exhibitors prior to the judge leaving the grounds for the day. Corrections to score cards may not be made at any time after the judge(s) has left the grounds. Corrections to results due to inputting error by show management and/or show program may be made any time.

(10) Stewards cannot steward the same show more than two (2) years in a row.

(11) Stewards cannot be immediate family of the exhibitors, show management, show secretary or judges at the same competition and may not judge or be a member of show management at the show they are stewarding.

C. DUTIES OF THE SHOW STEWARD INCLUDE BUT ARE NOT LIMITED TO:

(1) Protect the interests of the exhibitors, judges and show management.

- (2) The show Steward must represent all contestants with the show management and judge(s) and will be the sole liaison with said management or judge(s).
- (3) To immediately investigate and act upon any alleged rule violations.
- (4) To immediately report to the show management any misrepresentation or substitution of entry.
- (5) To verify that NRHA rules are followed when changes to the draw are allowed by show management or judges.
- (6) To report to the show management and NRHA any offense or violation of the rules and prefer charges against violators if the violation is not properly handled by the show management.
- (7) To furnish the NRHA with a complete written report as to the conduct of the competition including any offenses or violations of the rules by the competition or any exhibitors within fifteen (15) days after the last recognized day of the competition, on the form furnished by the NRHA. If NRHA does not receive the completed report and/or attachments postmarked or electronically submitted within fifteen (15) days of the close of competition the Steward may receive a letter of reprimand upon the first offense, a second offense in the same competition year may result in a fine of \$100 and a third offense in the same competition year may result in automatic revocation of Steward License until said Steward reapplies and completes the testing requirements for Steward School. If the Steward disputes that the report was not timely filed he/she may appeal in writing to the NRHA within thirty (30) days of receipt of notification letter from the NRHA.
- (8) To make routine inspections of the arena and stable areas and to insure that these areas are maintained in a safe manner for the horses, exhibitors and spectators.
- (9) To insure that the Protest Forms are available for NRHA members during the entire competition.
- (10) To insure that the Show Steward's contact information is made available to spectators during the competition.
- (11) The Show Steward should be knowledgeable of accepted reining schooling practices and should take necessary action should he/she witness or be made aware of misconduct or abuse on the show grounds. The Show Steward must report if he/she observes any horse being abused or if there are actions by the contestant detrimental to the best interest of the NRHA; loud profane language, drunkenness or being under the influence of intoxicants; any unsportsmanlike conduct toward judges, show management or other exhibitors; or any other infraction of NRHA rules.
- (12) Report to the NRHA details of accidents and/or injuries relating to both humans and horses on the official Accident/Injury Report Form provided by the NRHA. In the event of a fatality the NRHA should be notified as soon as possible no later than

the next NRHA business day.

(13) Stewards are required to report no score situations and details of the no score in the official Show Steward Report.

(14) Stewards must report to the NRHA any rider who shows without an exhibitor number or uses the incorrect exhibitor number.

(15) Stewards must retain copies of steward report forms and supporting documentation for a period of one year.

(16) If more than twelve (12) hours per day of stewarding will be required, show management should hire multiple Show Stewards and the Show Steward will be required to report any work over twelve (12) hours to the NRHA.

FREESTYLE REINING

A. GENERAL RULES

- (1) Reining maneuvers originated from moves that a cow horse must use in performing its duties and have been refined to the high level of competition existing today. Freestyle Reining not only provides an opportunity to use these maneuvers creatively, but also to expand them to music by means of choreography. Riders are encouraged to use musical scores which permit them to show the athletic ability of the horse in a crowd appealing way.
- (2) NRHA rules will apply except where the following rules preempt same.
- (3) Required Maneuvers. Will be defined as follows:
 - (a) A minimum of four (4) consecutive spins to the right
 - (b) A minimum of four (4) consecutive spins to the left
 - (c) A minimum of three (3) stops
 - (d) A minimum of one (1) lead change at the canter from right to left
 - (e) A minimum of one (1) lead change at the canter from left to right
- (4) Exhibitors will only be judged astride.
- (5) Exhibitors are allowed to use two (2) hands (as well as one or no hands) and any bit approved by the *NRHA Handbook*, including snaffle bits and bosals approved for use in the Snaffle Bit or Hackamore classes.
- (6) Failure to perform all the required maneuvers or failure to complete the performance within the time limit will result in a score of zero (0).
- (7) Additional maneuvers such as rollbacks, backups, speed variations, and non-classical reining maneuvers such as half pass and side pass are appropriate in Freestyle and shall be given appropriate credit. Additional repetitions of required maneuvers are appropriate, but will only add or subtract from the existing scores already given for the required maneuvers, not as additional scores.
- (8) Equipment used in Freestyle must adhere to the following standards:
 - (a) All equipment must be non-abusive and humane based on NRHA Rules and Guidelines.
 - (b) Any equipment not specifically covered by or in conflict with standard equipment guidelines must be non-abusive to the horse.
- (9) **Time Limit.** A maximum of four (4) minutes including any introductions. The time limit will be from the beginning of the music or from the beginning of the introduction (whichever is first) and will end with the music.
- (10) **Costumes.** Permitted but not required. Emphasis is placed on performing the reining maneuvers to music.

(11) Props. Permitted but at no time may hinder the judges' view of the horse. The use of props will not add to the score.

B. JUDGING OF FREESTYLE REINING

(1) Required maneuvers in Freestyle will receive a score based on technical merit from the technical judges utilizing judges score cards specifically designed for the Freestyle. Transitional maneuvers and other maneuvers not specified as reining maneuvers will be evaluated and scored accordingly in a specified box and counted as a single maneuver score. If an artistic impression judge is used, they must use the score sheet provided by NRHA and are encouraged to include remarks regarding performance. In the event an artistic judge is not used, the technical judges will assess an artistic impression score in the box specified using a -2 (two) to a +2 (two) evaluation. (See Figure #9.)

(2) Number of Judges. Two or more NRHA approved judges must be used in any Freestyle class that offers \$2,000 or more in added money.

(3) In the case of one or two (2) judges being used, they would be required to be NRHA approved. They would judge the technical merit of the ride. As part of the overall score, each judge would weigh the artistic impression of the ride as 10 percent of the overall ride.

(4) Tie Breaker Judge. One (1) judge (not to be an artistic impression judge) shall be designated as the tiebreaker prior to the Freestyle class. In the event a tie still occurs (or the tie occurs with one judge), the technical merit scores will be tallied to break the tie. In the event a tie remains, the exhibitors tied will be declared co-champions.

(5) Validating required maneuvers will be the responsibility of the judges. However, at least one scribe will be used to assist in verifying the required maneuvers for each horse as they are completed in the pattern.

(6) All five (5) point penalties may apply except holding the saddle or saddle horn with either hand, which is allowed.

(7) Eliminations are to be used at the discretion of show management and must use NRHA patterns, NRHA judging rules as applied to Category 1 classes, and NRHA judges. Eliminations may be held without music or costuming, but must allow the use of either one (1) or two (2) hands. The emphasis in the design of any elimination should be on quality of competition.

(8) Artistic impression judge or applause meter should not represent more than twenty percent (20%) of the combined score and should only be used in conjunction with (minimum) two NRHA approved judges. When used in scoring, the following formulas should be applied to properly weigh the scores according to the above percentage and still produce a comparable numerical score as when three judges are used.

(a) Score for Judge 1 should be multiplied by 1.2

(b) Score for Judge 2 should be multiplied by 1.2

(c) Score for the Applause Meter should be multiplied by .6.

All three scores should then be added to determine the final score for placing.

(9) Freestyle Reining may offer both an Open and a Non Pro Freestyle class. Show management will reserve the right to run them concurrently or separately.

(10) Show management will reserve the right to rule on music or dress which may be inappropriate or offensive to the spirit and nature of the show. Show management may also determine the use of special lighting.

JUDGES

A. JUDGING PRIVILEGES

(1) Designation as an NRHA approved judge is a privilege, not a right, bestowed by the NRHA Board of Directors, according to procedures formulated by the Judges Committee. This privilege shall be open to individuals whose equine experience and expertise, as well as personal character, merits the honor. An individual's conduct as a member, exhibitor, and judge, and his or her ability must be exemplary. An individual's conduct will be subjected to continuous committee review.

(2) Approval and Testing:

(a) A prospective judge must attend an NRHA Applicant Seminar and upon passing the testing requirements as set forth by the Judges Committee will be eligible to attend an NRHA Judges School. Upon passing the testing requirements of an NRHA Judges School as set forth by the Judges Committee, those persons will then have their names submitted to the Board of Directors for consideration for judging privileges.

(b) The applicant must be at least twenty-five (25) years of age and must have been an NRHA General member in good standing for 24 months prior to the date of application before he or she can be considered for approval as an NRHA judge.

(c) Approved judges and prospective judges must be current NRHA members.

(d) All approved NRHA judges must submit to re-testing every two (2) years.

(e) The NRHA Judges Committee may, on reasonable notice, require any current judge to submit to a Judges School and re-test. Failure to comply or failure to pass the test will result in the immediate suspension of judging privileges.

B. JUDGES COMMITTEE

(1) The NRHA President will appoint a Judges Committee Chairperson. The Chairperson will then appoint the committee members. It shall be the duty of the Judges Committee to administer judges' tests, conduct seminars, may review any and all judging after NRHA sponsored events or approved events, and review judging performances on recommendation of show representatives or by official protest. The Committee shall be empowered to take all action necessary to improve the quality, integrity and performance of the judging system.

(2) The Judges Committee, upon receipt of information which adversely affects a person's ability to be a judge, may temporarily suspend a judge's privileges pending a hearing before the NRHA Executive Committee. The Board of Directors shall have the authority, with or without the recommendation of the Judges Committee, to discipline, penalize, and/or remove a judge's name from the approved judges list.

(3) Performance reviews may be requested through the Judges

Evaluation and Education Program (JEEP). All reviews performed through the JEEP system are non punitive in nature and will be used for the education and improvement of NRHA judges. Reviews will be contingent upon the availability of official show video. Non approved classes or events will not be evaluated and the Judges Committee has the right to deny a request for review. Parties requesting the review do not receive the results of the review unless it is a review of one's own judging performance.

C. GUIDELINES

(1) A horse may not be shown under a judge if that judge has been owner, exhibitor, trainer, or agent of that horse within the previous ninety (90) days or if said horse is ridden by a member of his/her immediate family or by an employee/employer of said judge. A judge may not show to another judge whom he/she has judged or judged with within five days nor may a judge judge another judge to whom he/she has shown or judged with within five days. Volunteer NRHA judges utilized for equipment inspection are excluded from the five day requirement. A judge is responsible for disclosing an agency relationship as soon as he/she becomes aware of the problem to the show representative/steward if a horse is exhibited not in compliance with this rule. The judge should notify the show representative/steward or show management of the non-compliance at the next break, drag, or prior to the class being placed. The exhibitor should not be counted as an entry, and the horse shall not be scored in the class. All parties involved including but not limited to the owner, exhibitor, and judge will be held responsible in the event non-compliance occurs. The Judges Committee will investigate the matter and handle in accordance with its findings and consistent with NRHA disciplinary rules.

(2) Individuals who have an ongoing (regular, continuous, or contractual) business relationship within ninety (90) days in which services are provided and fees and costs are incurred shall not judge or be judged by each other. This applies to both exhibitor and owner.

(3) A judge shall not be an exhibitor at any NRHA approved event or combinations of events at which he or she is the officiating judge or member of the officiating team. Volunteer NRHA judges utilized for equipment inspection are excluded.

(4) Judges must always act in the best interest of the National Reining Horse Association avoiding any circumstances which create a conflict of interest while officiating at any NRHA approved event. Conflicts of interest are subject to review by the Judges Committee. In the event it is determined that a judge has acted in an official capacity with a conflict of interest, the judge may be removed from the NRHA Judges list and may be subject to further disciplinary action for unsportsmanlike conduct.

(5) Judges shall keep in mind that while judging they are representing the NRHA. It is strongly recommended that judges

- dress appropriately so as to favorably represent their position.
- (6) It is recommended that a judge shall not appear on the show grounds more than one hour prior to the scheduled start of the show unless as directed or requested by show management. Judges shall not visit with owners, trainers, exhibitors or agents before or during an NRHA approved event. The judges shall talk only with representatives of show management, beyond the exchange of normal greetings, until the entire show or contest is completed. (An exception occurs for Category 10 classes where judges are allowed to talk to exhibitors in an open forum prior to and/or following the event. After each class or event judges may provide feedback to exhibitors on an individual basis. These discussions with exhibitors should be monitored by someone appointed by show officials).
- (7) A judge (or judges) must present in writing any grievance within ten (10) days of the incident that he/she may have against contestants or shows to an Official Officer, Director, or duly elected or appointed contestant's representative of the NRHA at the time of the grievance. The judge is not required to post the \$100 grievance fee. His/her case will be reviewed by the appropriate committee and dealt with in accordance with the disciplinary procedures section of the handbook. If any of the above named officials witness a grievance against a judge, he or she must report this immediately to the NRHA office. Said report must be in writing and must be accompanied by the \$100 protest fee. Any grievance concerning a judge's conduct must be filed within ten (10) days of having gained knowledge of the incident. All grievances will be dealt with in accordance with the disciplinary procedure of the *handbook*.
- (8) A judge shall conduct himself/herself in a manner fitting and proper to one afforded the honor of officiating at any NRHA approved or sponsored event. Any misconduct on the part of the judge at any NRHA contest such as drinking immediately prior to or during the contest, the use of abusive language, or any other action unbecoming to one in his/her position either on the grounds or elsewhere during the duration of the show will make him/her subject to a complete and impartial hearing on the cause of the complaint before the appropriate committee.
- (9) A judge who undertakes the obligation to officiate at an NRHA sanctioned event is responsible to fulfill that commitment. Should he/she be unable to officiate for any reason, he/she is required to arrange for a suitable, qualified replacement. Judges are also required to notify the NRHA office of said change. Failure to do so, for any reason, will result in immediate suspension of judging privileges.
- (10) NRHA judges who judge unapproved reining classes will be subject to an Investigative Judge Review. The following exceptions exist where judge(s) may judge unapproved reining classes:
- (a) classes that do not coincide with NRHA classes and therefore cannot be approved by NRHA

- (b)** beginner or green classes
- (c)** affiliate level classes that are held concurrent with NRHA approved classes
- (d)** shows with less than \$500-added money
- (e)** breed association classes [Jr., Sr., Amateur, and Youth breed classes]
- (f)** National Federation or FEI events
- (g)** shows held by an NRHA breed association affiliate and/or affiliated discipline association

RULES FOR JUDGING

A. GENERAL

To rein a horse is not only to guide him, but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control. All deviations from the exact written pattern must be considered a lack of/or temporary loss of control and therefore a fault that must be marked down according to severity of deviation. After deducting all faults, set here within, against execution of the pattern and the horse's overall performance, credit should be given for smoothness, finesse, attitude, quickness and authority of performing various maneuvers, while using controlled speed which raises the difficulty level and makes him more exciting and pleasing to watch to an audience. The official guideline for the application for the rules for judging shall be as specified in the NRHA Judges Guide.

B. SCORING

(1) The scoring will be on a basis of zero (0) to Infinity, with seventy (70) denoting an average performance. The individual maneuvers are scored in one-half ($\frac{1}{2}$) point increments from a low of $-1\frac{1}{2}$ (one and one-half) to a high of $+1\frac{1}{2}$ (one and one-half) with a score of zero (0) denoting a maneuver that is correct with no degree of difficulty. Scores will be announced after each horse works.

(2) **TIES** All ties for 1st place will be worked off if the tied exhibitors agree to participate in a run-off. Tied exhibitors have the alternate option of agreeing not to run-off and to be named co-champions but must determine the winner of the awards by a flip of a coin. If they do not agree, the exhibitor(s) who does not want to run-off will forfeit first place to the other. (Exceptions: Freestyle reining. See Freestyle Reining conditions to determine winner or co-champions; Category 2 Snaffle Bit or Hackamore classes—a run-off is not required for 1st place.)

If a tie occurs after the run-off, the entrants will be named co-champions; will evenly split 1st and 2nd prize money, but must determine the winner of the awards by a flip of a coin. A horse not returning for a run-off without such an agreement will forfeit 1st place prize money regardless of the added money. In the case of a run-off, the contestant(s) not winning the run-off cannot be placed lower than the lowest position for which he/she was tied, i.e., 2nd/3rd. All other ties are not worked off and will involve as many places as there are horses tied, i.e., 4th, 5th, 6th, 7th. The prize money in the previously mentioned example is added together and split equally-four ways.

(3) Equipment:

(a) References to hackamore mean the use of a flexible, braided, rawhide, leather, or rope bosal, the core of which

may be either rawhide or flexible cable with a maximum diameter of 3/4" at the cheek. Absolutely no rigid material will be permitted under the jaws or on the noseband in connection with the bosal, regardless of how padded or covered. Horsehair bosals are prohibited. This rule does not refer to the so-called mechanical hackamore which is illegal.

(b) References to snaffle bits mean conventional O-ring, egg-butt, or D-ring with a ring no larger than 4" and no smaller than 2". The inside circumference of the ring must be free of rein, curb or headstall attachments which would provide leverage. The mouthpiece should be round, oval or egg-shaped, smooth and free of wire. It may be inlaid, but smooth and/or latex wrapped. The bars must be a minimum of 5/16" in diameter, measured 1" in from the cheek with a gradual decrease to center of the snaffle. Optional curb strap is acceptable however curb chains are not acceptable. These requirements remain the same for all classes in which a rider may use a snaffle bit.

(c) References to a bit means the use of a curb bit that has a solid or broken mouthpiece, has shanks and acts with leverage. All curb bits must be free of mechanical device and should be considered a standard western bit. A standard western bit includes:

1. 8½" maximum length shank to be measured as indicated in the judge's guide. Shanks may be fixed or loose.
2. Concerning mouthpieces, bars must be round, oval or egg-shaped, smooth and free of wire of 5/16" to 3/4" in diameter, measured 1" from the cheek. They may be inlaid, but must be smooth or latex wrapped. Nothing may protrude more than 1/8" below the mouthpiece (bar).
3. The port must be no higher than 3½" maximum, with rollers and covers acceptable. Broken mouthpieces, half-breeds, and spades are standard.
4. Slip or gag bits, donuts or flat polo mouthpieces are not acceptable.

(d) Only one hand may be used on the reins and the hand must not be changed, except in the Snaffle Bit, Freestyle, Green and Entry Level Ride & Slide Level 1 classes which allow the use of two hands. Index finger only between split reins is permitted. Violation of this rule results in a penalty score of zero (0).

(e) When a curb bit is used, a curb strap or curb chain is required, which must be at least ½" in width, lie flat against the jaw, and be free of barbs, wire, and/or twists.

(4) The following will result in no score:

(a) infraction of any state or federal law which exists pertaining to the exhibition, care, and custody of horses within the state or country where an NRHA Reining is being held;

(b) abuse of an animal in the show arena and/or evidence that an act of abuse has occurred prior to or during the exhibition of a horse in competition;

(i) if the judge(s) determines paint or other substance has been applied to a horse to disguise abuse he/she may call a no score. Excessive use of paint or color substance may result in a no score.

(c) use of illegal equipment, including wire on bits, bosals or curb chains;

(d) use of illegal bits, bosals or curb chains;

(e) use of tack collars, tie downs or nose bands;

(f) use of whips or bats;

(g) use of any attachment which alters the movement of or circulation to the tail;

(h) failure to dismount and/or present horse and equipment to the appropriate judge for inspection;

(i) In any approved class, the judge shall have the authority to require the removal or alteration of any piece of equipment or accoutrement which is unsafe, or in his/her opinion, would tend to give a horse an unfair advantage or which he/she believes to be inhumane;

(j) disrespect or misconduct by the exhibitor;

(k) the judge(s) may excuse a horse at any time while in the arena for unsafe conditions or improper exhibition pertaining to both the horse and/or rider;

(l) closed reins are not allowed except as standard romal reins and mecates on snaffle bits and bosals in classes where the use of two hands is allowed and in the Youth 10 & Under Short Stirrup class where closed reins are allowed.

(5) Excess rein may be straightened at any place a horse is allowed to be completely stopped during a pattern. When using a romal, the rider's hand shall be around the reins with the wrist kept straight and relaxed, the thumb on top and the hand closed around the reins; no fingers between the reins are allowed. The free hand may be used to hold the romal provided it is held in a relaxed position and there is at least 16" of romal from the free hand to the reining hand. Use of the free hand while holding the romal to alter the tension or length of the reins from the bridle to the reining hand is considered to be the use of two hands, and a score of zero (0) will be applied with the exception of any place a horse is allowed to be completely stopped during a pattern.

(6) The following will result in a \$25 fine:

(a) Failure to display exhibitor number or displaying incorrect exhibitor number

(7) The following will result in a score of zero (0):

(a) use of more than index or first finger between reins;

(b) use of two (2) hands (exception in Snaffle Bit, Hackamore, NRHA Green or Ride & Slide Level 1 classes designated for two hands) or changing hands;

- (c) use of romal other than as outlined in #5;
- (d) failure to complete pattern as written;
- (e) performing the maneuvers other than in specified order;
- (f) the inclusion of maneuvers not specified, including, but not limited to

1. backing more than two (2) strides
2. turning more than ninety (90) degrees
3. On run in patterns, once beginning a canter a complete stop prior to reaching the first marker.

(Exception: a complete stop in the 1st quarter ($\frac{1}{4}$) of a circle after a canter departure is not to be considered an inclusion of maneuver; a two (2) point break of gait penalty will apply.) (See Figure #3B)

- (g) equipment failure that delays completion of pattern;
- (h) balking or refusal of command where performance is delayed;
- (i) running away or failing to guide where it becomes impossible to discern whether the entry is on pattern;
- (j) jogging in excess of one-half ($\frac{1}{2}$) circle or one-half ($\frac{1}{2}$) the length of the arena;
- (k) over spins of more than one quarter ($\frac{1}{4}$) turn;
- (l) fall to the ground by horse or rider. A horse is deemed to have fallen when its shoulder and/or hip and/or underline touches the ground;
- (m) dropping a rein that contacts the ground while the horse is in motion;
- (n) failure to wear appropriate western attire as outlined in the *NRHA Handbook*, General Show Conditions.

NOTE: Neither a no score nor a zero (0) is eligible to place in a go round nor single go round class. Neither a no score nor a zero (0) may advance in a multi-go event. In multi-go events, finals qualifying horses that get a zero (0) or scratch will still be eligible for payouts, with a zero (0) placing higher than a scratch. In the event not enough horses qualify for total purse distribution, the undistributed portion of the purse will be retained by show management.

(8) The following will result in a penalty of five (5) points:

- (a) spurring in front of cinch;
- (b) use of either hand to instill fear or praise;
- (c) holding saddle with either hand, except in the Youth 10 & Under Short Stirrup class where holding the saddle is allowed;
- (d) blatant disobedience including kicking, biting, bucking, rearing and striking.

(9) The following will result in a two (2) point penalty:

- (a) break of gait; Note: Simple lead changes are allowed in NRHA Green classes, no break of gait penalty should be applied during the lead change. NRHA Ride & Slide Level 1 classes may use altered patterns and if simple lead changes are specified, no break of gait penalty

should be applied during the lead changes.

(b) freezing up in spins or rollbacks;

(c) on walk in patterns, cantering prior to reaching the center of the arena and/or failure to stop or walk before executing a canter departure;

(d) on run in patterns, failure to be in a canter prior to reaching the first marker or break of gait prior to the first marker.

(e) if a horse does not completely pass the specified marker before initiating a stop position.

(10) Starting or performing circles or eights out of lead will be judged as follows:

(a) Each time a horse is out of lead, a judge is required to penalize by one (1) point. The penalty for being out of lead is cumulative, and the judge will add one (1) penalty point for each one quarter ($\frac{1}{4}$) of the circumference of a circle or any part thereof that a horse is out of lead.

(b) A judge is required to penalize a horse one half ($\frac{1}{2}$) of a point for a delayed change of lead by one (1) stride where the lead change is required by the pattern description.

(11) Deduct one half ($\frac{1}{2}$) point for starting circle at a jog or exiting rollbacks at a jog up to two (2) strides. Jogging beyond two (2) strides but less than one half ($\frac{1}{2}$) circle or one half ($\frac{1}{2}$) the length of the arena, deduct two (2) points.

(12) Deduct one half ($\frac{1}{2}$) point for over or under spinning up to one eighth ($\frac{1}{8}$) of a turn; deduct one (1) point for over or under spinning up to one quarter ($\frac{1}{4}$) of a turn.

(13) In patterns requiring a run-around, failure to be on the correct lead when rounding the end of the arena will be penalized as follows: for one half ($\frac{1}{2}$) the turn or less, 1 point; for more than one half ($\frac{1}{2}$) turn, two (2) points.

(14) There will be a one half ($\frac{1}{2}$) point penalty for failure to remain a minimum of twenty (20) feet from the side of the arena when approaching a stop and/or rollback.

(15) Judges may not confer on any penalty or maneuver score prior to submitting a score. If a major penalty (a penalty which results in a no score, a zero (0), or a five (5) point penalty) is unclear, a judge will submit his/her score and ask that the score be held, pending a conference or review of the official video at the next drag or as soon as practical. Should the judges determine via conference or video replay that a penalty was incurred, it should be applied. If, however, no penalty occurred, the score will be announced as originally submitted. No judge shall be required to change his/her score following a conference or video replay. Each judge's decision is an individual call and based on individual decision from a conference or video replay. The use of video equipment by the judges is only permissible if the judge has reason to believe that all entries have been videotaped.

(16) The judge shall have the authority to remove any

contestant from a show he is judging, should said contestant show any disrespect or misconduct so as to render himself or the show in an unprofessional manner.

(17) All riders must dismount and the horse must be presented and the bridle dropped by the rider or a designated representative. The horse and equipment must be checked by the designated judge in the arena or in close proximity to the arena during a pre- or post-check. Should the equipment judge detect cause for a no score the exhibitor or his/her representative, trainer or guardian may at that time accept the no score and allow the equipment judge to cause the appropriate changes to all score cards or request the other judges confer on the appropriate call. In the case of a youth exhibitor, should a parent, trainer or guardian not be present, it will be assumed that all parties are aware of this rule and agree to abide by the exhibitor's decision. If requested, the equipment judge will confer with the other judges as soon as practical. Failure to comply with this rule shall result in a no score.

(18) Judges shall be the sole persons responsible to determine if a rider has correctly completed the pattern as written.

(19) An exhibitor or owner in the respective class may request a review of a major penalty (penalty score zero (0) and five (5) point penalty). The judge(s) has the right to deny or honor the request. If honored by the judge(s) he/she must believe the entire class was videotaped by an official videographer. The request must be made no later than thirty (30) minutes after the last run of the day and before the judge(s) has left the grounds for the day. Exhibitors or owners may not have direct contact with the judge(s) during the entire process of requesting a review. The request must be submitted to the Show Steward, Show Representative, or if need be Show management who will take the request to the judge(s).

(20) NRHA permits the judge the option of awarding a re-ride if an unavoidable circumstance disrupts a horse and rider's pattern. In the instance where a re-ride is warranted in the judge's opinion, the judge should advise the NRHA Representative, Steward, and/or horse show management of such as soon as possible. In the case where a horse was able to complete the pattern, but a re-ride is warranted, the score should be held until the rider decides whether to exercise the re-ride option.

(21) The NRHA Judges Committee will evaluate individual requests from challenged riders regarding the use of aids when exhibiting. In the event an individual is granted special privileges, he or she will be presented said privileges in writing and must provide a copy to the show committee each time he or she exhibits. The Show Committee is required to present said privileges to the Judge(s) as well as the individual's draw number and exhibitor number prior to the class in which he or she will be competing.

PATTERNS

1. The following patterns are to be worked as stated, not as drawn. The drawn pattern is just to give the general idea of what the pattern will look like in the arena.
2. Markers will be placed on the wall or fence of the arena as follows:
 - (i) at the center of the arena
 - (ii) at least 50' (15 meters) from each end wall
3. Where designated in the pattern for stops to be beyond a marker, the horse should begin his stop after he passes the specified marker.
4. Each pattern is drawn so that the bottom of the page represents the end of the arena entered by contestants and must be run as such. In the event that an arena has only one gate and it is in the exact middle of the side, that side shall represent the right side of the page the pattern is drawn on.
5. All horses will be judged immediately upon entering the arena and judging will cease after the last maneuver. Any fault incurred prior to the commencement of a pattern will be scored according to the rules for judging.
6. All judges' decisions are final.
7. With the exception of Entry Level Ride & Slide Level 1 classes, the following patterns are the only patterns to be used at NRHA events. NRHA Green classes should use NRHA patterns but simple lead changes are allowed.

Notes

NRHA JUDGES' GUIDE

GENERAL JUDGING AND SCORING GUIDELINES

Section 1. As stated in the National Reining Horse Association Bylaws, one of the objectives of the Association is "The development of suitable and proper standards of performance and judging." The *NRHA Handbook* specifies the rules under which all NRHA Reinings will be conducted and the rules by which reining horses will be judged. The following is intended as a guideline for the application of the rules for the judging as specified in the *NRHA Handbook*:

Section 2. The *NRHA Handbook* includes specific patterns which the reining horse must execute exactly, and it also contains certain specific rules involving the penalties which are applied if a horse fails to perform these specific patterns as required. The *NRHA Handbook* also, under Rules for Judging, Section A, describes in detail the standard by which a reining should be judged. This description remains unchanged throughout the evolution of the NRHA, and because of its importance in evaluating a reining horse, is reprinted in full herein. This paragraph clearly defines the quality required of a reining horse and is our strongest tool in providing clear and consistent evaluations of quality.

Section 3. "To rein a horse is not only to guide him, but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control. All deviations from the exact written pattern must be considered a lack of or temporary loss of control; and therefore, a fault that must be marked down according to severity of deviation. After deducting all faults set here within, against execution of the pattern and the horse's overall performance, credit should be given for smoothness, finesse, attitude, quickness and authority of performing various maneuvers, while using controlled speed which raises the difficulty level and makes him more exciting and pleasing to watch to an audience."

Section 4. The scoring of reining horses is on a positive numeric scale with 70 denoting an average performance. NRHA patterns are comprised of several distinct maneuver groups which judges are asked to evaluate on an individual basis dependent on execution as dictated by the pattern description and the rules for judging, and against the quality standard described in Section A. The individual maneuvers are scored in $\frac{1}{2}$ point increments from a low of $-1\frac{1}{2}$ (extremely poor quality) to a high of $+1\frac{1}{2}$ (excellent quality) with a score of 0 denoting a maneuver that is correct with no degree of difficulty. The total of the scores applied to the maneuver groups is combined with the starting score of 70 and from this gross maneuver score, any penalties are deducted to cal-

culate the horse's final score, which is announced after each horse works.

Section 5. An important non penalty consideration for judges is a horse stumbling. If the stumble is severe enough to significantly detract from the quality of the maneuver, NRHA requires a judge to reduce the score $\frac{1}{2}$ point for that maneuver (i.e., very good circles with a plus one evaluation would then become plus $\frac{1}{2}$).

Section 6. Failure to display the correct exhibitor number will result in a \$25 fine. When the judge determines that either the incorrect number is displayed or that no number is displayed, the scribe should note this fact on the score sheet and report the infraction to the Show Representative or Show Steward. The Show Representative/Steward should then note the incident on their Show Report.

Section 7. NRHA believes in the importance of providing challenged riders with the opportunity to compete on a fair basis. The NRHA Judges Committee will evaluate individual requests from challenged riders regarding the use of aids while they exhibit. If an individual is granted special privileges, then he/she will be presented said privileges in writing and must provide a copy of the letter to the show management each time he/she exhibits. The show management is required to present this copy to the judge(s) as well as the individual's draw number and exhibitor number prior to each class in which he/she will be competing. While allowing for the use of the approved aid(s), judge(s) are required to apply penalties and evaluate maneuvers in accordance to NRHA guidelines. If there is any failure in communicating the approval of a rider's aid(s), then the judge should contact the NRHA office immediately.

PENALTY APPLICATION

Section 1. The above describes the manner in which a judge evaluates and scores a horse's execution of the NRHA maneuvers. In addition to this evaluation process, the *NRHA Handbook* specifies certain penalties which are applied should a horse fail to execute a precise maneuver or deviate from performing the exact, written pattern. These penalties, as mentioned above, are subtracted from the score which the judge has awarded the horse, and thus have a negative impact on the final score the horse receives. No NRHA judge is empowered to change or alter the specific penalties listed in the *NRHA Handbook*. The judge's function is to determine whether a penalty has occurred and to apply the appropriate penalty in each instance. The NRHA has specified that in every instance, the horse should receive the benefit of any doubt when these penalties are applied. Therefore, if a judge is uncertain as to whether a horse has incurred a specific penalty, the penalty should not be applied. The application of all penalties is not a

qualitative determination (i.e., there is no good or bad way to incur an over spin). Maneuver evaluations and penalty applications are always to be determined independently.

Section 2. The penalties specified in the *NRHA Handbook* are reviewed annually by the NRHA Board of Directors and Judges Committee. It is the intention of the NRHA that these penalties be applied evenly and without amendment by every judge. It is equally imperative that every judge gives benefit of any doubt he/she may have to the exhibitor when assessing whether in fact a penalty has occurred.

PRE/POST CHECK

Section 1. NRHA requires riders to dismount and drop their bridles for inspection before or after showing, either in the arena for a judge or in close proximity to the arena for the designated judge in multiple judge situations. Failure to comply with this rule shall result in a no score. Judges are required to call all occurrences of illegal equipment, unsportsmanlike conduct, and evidences of abuse, without fail. As with any penalty application within NRHA, judges are advised that should there be any doubt as to whether or not there has been a violation, benefit of this doubt shall always go to the contestant. Also, judges are advised not to drop or assist in dropping bridles for contestants, this is to be done by the contestant or his/her designated assistant.

Section 2. Should the judge responsible for examining horses and equipment determine that a rule violation has occurred, that results in a no score the exhibitor or his/her representative, trainer or guardian may at that time accept the no score and allow the equipment judge to cause the appropriate changes to all score cards or request the other judges confer on the appropriate call. If contested, the equipment judge should so indicate to the other judges immediately, and detain the horse and equipment until it is possible for the other judges to complete an inspection of said violation. In a multiple judge situation where the equipment judge is located outside the arena, any infraction detected by the equipment judge should be examined by all other judges as soon as is practical if contested by the exhibitor.

Section 3.

(a) Show committees have the option of using a pre-check or a post-check. When a pre-check is used, there shall be no routine post-check. A pre-check system should not be used in a single judged event. When a pre-check is used, it is strongly recommended that there be a designated area in close proximity to the pre-check judge for the checked horses to remain until they enter the arena.

(b) When a pre-check is used, the presence of fresh blood or any other evidence that any act of abuse has occurred prior to the check will result in a no score (see Rules for

Judging, B. Scoring [4]). If illegal equipment is presented at the pre-check, the exhibitor will not receive a no-score, if he/she is able to correct the problem without delaying the class. If a checked horse leaves the field of vision of the pre-check judge prior to showing, the pre-check judge is to recheck the horse before allowing it to enter the arena.

(c) In this system the first two horses should be pre-checked 8-10 minutes before the class begins, with all remaining horses checked when they are in-the-hole. It is suggested that the pre-check judge, as soon as the first three horses have been checked, develop the routine of checking each horse as it becomes the in-the-hole horse. This requires the judge to keep track of only two horses at any one time, the already examined on-deck and in-the-hole horses. In addition, this allows each exhibitor time to regain composure and focus following the check, and it gives an exhibitor time to correct an equipment problem should one occur. Before entering the arena each horse will have a final walk around inspection.

(d) When a pre-check system is used, all officiating judges, including the pre-check judge, are compelled to call any acts of abuse to a horse while in the arena. If the situation arises where a chair judge calls a no score, the judge making the call should request that the exhibitor present his/her horse to the pre-check judge for inspection. If a no score is called, the exhibitor can accept or contest the call. If contested, the other judge(s) shall be called as soon as is practical to examine the horse and confer.

NO SCORES

Section 1. The *NRHA Handbook* specifies that horses are to be disqualified and receive a no score if the infractions of “abuse of a horse or misconduct by the rider” are incurred. Misconduct may include failure to present the horse and equipment for inspection before or after completing the pattern and/or any disrespectful or unprofessional conduct by the exhibitor. This includes not dismounting prior to dropping the bridle.

Section 2. While the application of a penalty for abuse requires the discretion of the judge, this judge must make his/her determination based on NRHA guidelines. The NRHA has determined that the exhibition of a horse that is obviously lame or is otherwise in an unhealthy condition must be considered abuse. The exhibition of a horse that has a cut or abrasion showing clear evidence of fresh blood in the mouth, nose, chin, shoulder, barrel, flank or hip area (those areas reasonable to believe the injury may have been caused by the rider or equipment) must be considered abuse regardless of how the injury was caused.

Section 3. Included in the infraction of abuse is the use of

illegal equipment. The *NRHA Handbook* specifies the following as illegal equipment:

- (a) bits and snaffle bits with mechanical devices;
- (b) leveraged bits and snaffle bits having mouthpieces constructed from anything other than smooth rounded material, (Note: Twisted wire mouthpieces are illegal);
- (c) Leveraged bits with mouthpiece bar spaces less than $\frac{5}{16}$ " or greater than $\frac{3}{4}$ " diameter;
- (d) nothing may protrude more than $\frac{1}{8}$ " below the mouthpiece (bar);
- (e) *bits with ports exceeding $3\frac{1}{2}$ " in height;
- (f) *snaffle bits with rings smaller than 2" or larger than 4" in diameter;
- (g) *snaffle bits with mouthpieces smaller than $\frac{5}{16}$ ", measured 1" from the cheek. (Note: It should be noted that a conventional snaffle can only be broken in one place. A conventional snaffle may have loose rings. An optional curb strap is acceptable provided it is loose, however curb chains are not acceptable. No minimum or maximum width is required, decorative knots and round material are acceptable.)
- (h) rope or leather bosals with wire, iron or mechanical devices;
- (i) *bosal larger than $\frac{3}{4}$ " diameter on the cheek;
- (j) twisted curb chains or curb chains with barbs and/or wire;
- (k) *wire on bits (Note: Spade bits may have wire wrap on spacer bar only);
- (l) use of tack collars, tie downs, nose bands, electric shocks, whips or bats;
- (m) use of any attachment which alters the movement of or circulation of the tail.

(*See Figures #1 & #2.)

Section 4. Abuse as defined in the *NRHA Handbook* is "That which a reasonable person informed and experienced in generally accepted equine training and exhibition procedures, would determine to be cruel, abusive and inhumane." A judge is thus compelled to disqualify any horse that he/she feels is being exhibited in a manner which is cruel, abusive and inhumane. This may include the exhibition of an animal which is clearly not in a fit or sound condition, the use of abusive equipment, and/or the use of abusive showing techniques by the rider. A judge(s) may excuse a horse at anytime while in the arena for unsafe conditions or improper exhibition caused by the horse and/or the rider. While each judge is required to disqualify any horse exhibited in the manners described above, it should be noted that in every case the exhibitor should be given the benefit of any doubt, should any doubt exist.

Section 5. Judges are required to report no score situations to the NRHA Representative or Steward with instructions to include the details of said no score in the official show representative's report. Further, a judge (or judges) must present in

writing any grievance that he/she may have against contestants or shows to an official officer, director, or duly elected or appointed contestant's representative of the NRHA at the time of the grievance. It should be noted that a judge is not required to post a \$100.00 grievance fee.

PENALTY SCORE ZERO

Section 1. The *NRHA Handbook* specifies certain situations in which a horse will receive a score of 0 regardless of its execution of the pattern. These situations shall be reported by a judge to a scribe as "penalty score zero." This is extremely important to avoid confusion in the scribe's recording. The *NRHA Handbook* prohibits the use of more than the index finger between the reins, the changing of hands on the reins, or use of two hands on the reins; however, it specifically outlines situations in which the rider's free hand may be used to untangle excess rein (any place the horse is allowed to be completely stopped during the pattern). The *NRHA Handbook* also permits the rider to use his/her free hand to hold a romal in the normal fashion; the definition of which is contained hereunder: Exceptions occur in the Snaffle Bit & Hackamore, Freestyle, Youth 10 & Under, NRHA Green and Ride classes. See rules for each class.

Section 2. When using a romal, the rider's hand shall be around the reins with the wrist kept straight and relaxed, the thumb on top and the hand closed around the reins; no fingers between the reins are allowed. The free hand may be used to hold the romal provided it is held in a relaxed position and there are at least 16 inches of romal from the free hand to the reining hand. Use of the free hand while holding the romal to alter the tension or length of the reins from the bridle to the reining hand is considered to be the use of two hands and a score of 0 will be applied. Consistent with NRHA rules regarding split reins, a rider using a romal may untangle excess rein (romal) any place a horse is allowed to be completely stopped during the pattern.

Section 3. A penalty score 0 shall also be incurred if a horse fails to complete the pattern as written, performs the maneuvers in other than the specified order, and/or includes maneuvers not specified. Included as maneuvers in other than the specified order, is the situation wherein a horse runs circles out of order (i.e., when a small slow and large fast circles are required, and the horse runs a large fast and small slow and large fast set of circles) and on run in patterns, once beginning a canter a complete stop prior to reaching the first marker. In the instance where a horse backs up where a backup is not specified, the penalty score of 0 will be incurred should the horse back more than 2 full strides. It is important to note one stride is defined as the complete movement or steps of all four legs, one time. In this particular situation it is very helpful

for a judge to watch and count the steps of the front feet. Up to and including four steps of the front feet in the non required backup receives no penalty. The horse must complete 5 or more consecutive steps backward without stepping forward to be considered an inclusion of a maneuver. Whenever a horse deviates from the exact written pattern by turning more than $\frac{1}{4}$ of the geographical circumference of the arena (i.e., an over spin, a turn during a backup, etc.), the penalty score of 0 will be applied. When a horse stops (completely losing forward motion) where a stop is not required, an inclusion of maneuver has occurred and a penalty score of 0 will be applied. NRHA rules provide for an exception to this rule; a complete stop in the first $\frac{1}{4}$ circumference of a circle after a canter departure is not to be considered an inclusion of maneuver. This allows for a rider to correct a missed lead. It is important to be sure that all other penalties incurred during this situation are applied, including jogging, missed leads, and always a break of gait in lieu of the inclusion of maneuver. (See Figure #3B.)

Section 4. The *NRHA Handbook* further specifies that the refusal of a command (balk) will incur a penalty score of 0. In this instance the judge must determine that the horse blatantly and continuously refused a rider's command. In the case of a spin or a rollback, the judge must differentiate between freeze up (as discussed below) and refusal of command. The *NRHA Handbook* further states that a penalty score of 0 will be applied if a horse jogs in excess of $\frac{1}{2}$ of the circumference of a circle, or $\frac{1}{2}$ the length of the arena. (See Figure #5.) The *NRHA Handbook* also requires judges to apply a penalty score of 0 in the event that a horse or rider falls to the ground or the rider is dislodged. A horse is deemed to have fallen when its shoulder and/or hip and/or underline touches the ground. The *NRHA Handbook* also specifies that each entry must run in order drawn. Note: In multi-go events, finals qualifying horses that get a 0 or scratch will still be eligible for payouts, with a 0 placing higher than a scratch. In the event not enough horses qualify for total purse distribution, the undistributed portion of the purse will be retained by show management.

5 POINT PENALTIES

Section 1. There are four situations that require a judge to apply a five (5) point penalty. These situations are: spurring in front of the cinch, use of either hand to instill fear or praise, holding the saddle with either hand (except in the Youth 10 & Under Short Stirrup class) or blatant disobedience. The application of the spurring rule requires the judge to ensure that contact with the horse was made. The holding the saddle rule does not include incidental, brief contact (i.e., brushing the saddle with the free hand). A rider must be allowed to

straighten the latigo any place a horse may be completely stopped during the pattern. The same is true of untangling the horse's mane from the reins. Judges must allow riders to straighten reins at an appropriate place without incurring a holding the saddle or instilling praise penalty. Blatant disobedience includes kicking, biting, bucking, rearing and striking. It should be noted that judge(s) may confer and/or review the video on five (5) point penalties in accordance with NRHA rules. Therefore, it is helpful for judges in multiple judged events to require scribes to acknowledge the existence of a five (5) point penalty when reporting the score. If a lack of concurrence exists, then show management would be alerted and scores would be held pending video review or conference.

2 POINT PENALTIES

Section 1. A judge is required to apply a two (2) point penalty should a horse break gait during the execution of a pattern. The requirement here is to determine gait has been broken, not what gait or if actually a gait was reached by transition. An important consideration is a horse which, while executing a required downward speed transition, has its rear feet briefly slip on the ground without loss of the overall cadence and stride of the lope should not receive a 2 point break of gait penalty. If gait is clearly broken, it should receive the appropriate 2 point penalty. Further, should the horse stop during the downward speed transition (completely lose forward motion) an inclusion of maneuver will have occurred resulting in a penalty score of 0.

Section 2. If a horse freezes up in a spin or rollback, a 2 point penalty will be applied. The NRHA defines a freeze up as a brief but obvious refusal to start a spin or rollback or any complete stoppage of a horse's lateral shoulder movement which delays the execution of a spin or rollback. (See Figure #3A.) A judge thus must determine whether there was a momentary complete stoppage of lateral shoulder movement in a spin or rollback. It is not necessary to determine if the freeze up was caused by the horse or rider (i.e. a rider who spins 3 times, stops his/her horse and realizes the error and immediately completes the 4th spin, shall receive a freeze up penalty).

Section 3. It is required in patterns that begin in the center of the arena with a canter departure, the departure be executed from a walk or stopped position; failure to do so shall result in a judge applying a 2 point penalty. It should be noted that patterns beginning with spins at the center of the arena, failure to complete spins in the prescribed area would result in a reduction of the maneuver evaluation. On all run-in patterns, a judge is required to apply a 2 point penalty for failing to be in a canter prior to reaching the first marker or for a break of gait prior to the first marker. (See Figure #5.)

Section 4. NRHA patterns require a horse to run past a

marker placed in the arena prior to stopping. If the horse does not completely pass the specified marker before assuming a stop position, a penalty of 2 points is to be applied. It is important to note that this penalty is to be applied if the horse assumes a stop position (rear legs up underneath, setting up) whether or not this stop is completed. Further, the judge, by applying this penalty, is only reflecting the fact it happened, and should not be concerned with whether it was caused by the horse or by the rider. Judges should note that it is their responsibility to insure that these markers are placed correctly, and in such a fashion that a horse could reasonably be expected to go past them before executing a stop or rollback maneuver. The NRHA has specified that the end markers be no less than 50' from the end wall or fence of the arena.

LEAD PENALTIES

Section 1. Each time a horse is out of lead, a judge is required to penalize it by 1 point. The penalty for being out of a lead is cumulative, and the judge will add 1 penalty point for each $\frac{1}{4}$ of the circumference of a circle or any part thereof that a horse is out of lead. (See Figure #4.) A judge is further required to penalize a horse $\frac{1}{2}$ of a point for a change of lead delayed by one stride where a change of lead is required by the pattern. It should be noted that a gait is specified, but no lead is specified in the instance of run downs either on the side of the arena or through the middle of the arena, and no penalty is incurred for a horse changing leads in these areas. (See Figures #6 & #7.)

Section 2. In patterns where a horse is required to make a run around the end of the arena, the horse must be on a specific lead while rounding the end of the arena. The horse is required to be on the specified lead as soon as it completes the 1st straight portion of the run-around and begins to turn the corner of the arena. Failure to be in the correct lead beyond this point will result in the following penalties being assigned:

- (a) From the turn to the halfway position at the end wall -1 point.
- (b) Beyond the halfway point up to the beginning of the run down -2 points.
- (c) It should be noted NRHA has determined there to be no correct lead on a straight line. Therefore, changing leads in a straight line is not to be penalized, though it may or may not demonstrate resistance to being dictated to completely which must be dealt with in maneuver evaluation. (See Figures #6 & #7.)

Section 3. In the instance where a pattern requires a $\frac{1}{2}$ circle prior to beginning a run down to the other end of the arena (i.e., patterns #2 & 4), failure to be on a specified lead should be penalized as follows:

- (a) 1 point: beyond one stride up to $\frac{1}{4}$ circumference of circle

- (b) 2 points: beyond $\frac{1}{4}$ circumference of circle up to the entire half circle. (See Figure #6.)

JOG PENALTIES

Section 1. Inasmuch as a horse is required to be in a lope or a canter throughout the reining pattern, a penalty must be applied for starting a circle or exiting a rollback at a jog. Jogging up to two strides incurs a $\frac{1}{2}$ point penalty. Jogging beyond two strides will incur a 2 point penalty. (See Figure #5.) In determining whether a $\frac{1}{2}$ or 2 point penalty has been incurred it is useful for a judge to consider the distance traveled and to count the steps of the rear legs. Four steps and under would represent two or less strides and require a $\frac{1}{2}$ point penalty; five steps and more, therefore, require a 2 point penalty.

SIMPLE LEAD CHANGE PENALTIES

Section 1. In classes which allow simple lead changes, the ideal change is to jog for one stride to change leads. Any deviation from the ideal change that takes place in the lead change area as described by the *Handbook* would not incur a penalty but deserves less credit. In order of decreasing difficulty would be jogging more than one stride, walking rather than jogging, stopping during the change and finally more than one attempt to execute the change. Penalties would apply if the lead change was early or late just as they would for a flying lead change.

Section 2. Judges should allow one-quarter circle coming into the change and one-quarter circle going past the change as an allowable simple change area (safe zone), with only the out of lead penalties applying. For example, a horse that comes across and takes 3 strides past “center” to complete the simple change, but before the end of the first quarter, would not get a break of gait penalty but would incur a one point out of lead penalty. The same logic would apply for changes before reaching center. All penalty applications would apply out of that “safe zone.”

SPIN PENALTIES

Section 1. When performing the spin maneuver, horses are required to stop and start in a precise direction within the arena. Failure to stop a spin with some portion of the horse’s shoulder and hip aligned with the proper position will result in a penalty. A horse can only be assessed one over or under spin penalty per maneuver. The penalties assigned to over and under spinning are as follows:

- (a) Over or under spinning beyond a shoulder width and up to $\frac{1}{8}$ of the circumference of the spin- $\frac{1}{2}$ point penalty.
- (b) Over or under spinning up to $\frac{1}{4}$ of the circumference of the spin 1 point penalty.
- (c) If a horse over spins by more than $\frac{1}{4}$ of the circumference

of a spin, an additional maneuver is deemed to have been included and a score of 0 will be applied. It should be noted that the shoulder width tolerance applied when determining the first $\frac{1}{8}$ over or under spin should not be applied when determining the severity of the deviation (i.e. the determination of a $\frac{1}{2}$ or a 1 point penalty or the determination of a 1 point penalty or a 0 score).

(d) In the instance where a horse under spins by more than $\frac{1}{4}$ of the circumference of a spin and is properly realigned before starting the next maneuver, it shall be considered a freeze up in the spin and a 2 point penalty will be assigned. (See Figure #3A.)

WALL PENALTY

Section 1. In NRHA patterns that require a horse to run around the end of the arena, it is specified the horse must remain a minimum of 20 feet from the side of the arena when approaching a stop and/or rollback. Failure to do so will result in a $\frac{1}{2}$ point penalty.

REVIEWS

Section 1. If the judge is unsure as to whether a major penalty has occurred (i.e., no score, a 0 score, or a 5 point penalty) the judge will submit his/her score and ask that the score be held pending a conference or a review of the video at the next drag. Further, it must be remembered that the *NRHA Handbook* does not allow judges to confer as to any penalty or maneuver score prior to submitting a score. Video reviews may only be utilized in the instance where the judge believes that all entrants have been videotaped by an official videographer. A judge shall not be required to change his/her score following a conference or video review, each judge's decision is an individual call.

Section 2. Judges must continue to score no scores and 0 scores in a multiple judged or videotaped event. This allows for video review and/or conference with the other judge(s) without the potential bias that could exist if a judge should need to reverse his/her original decision or rely on memory to score the run. Whether or not a class is videotaped or multiple judged, it is suggested that NRHA judges continue to mark all runs whenever possible, as a service to our members.

Section 3. An exhibitor or owner in the respective class may request a review of a major penalty (penalty score zero and 5 point penalty). The judge(s) has the right to deny or honor the request. If honored by the judge(s) he/she must believe the entire class was videotaped by an official videographer. The request must be made no later than 30 minutes after the last run of the day and before the judge(s) has left the grounds for the day. In cases where a class is run in sections over multiple days, each day's scores will be official thirty minutes after the

last run of each section. Exhibitors or owners may not have direct contact with the judge(s) during the entire process of requesting a review. The request must be submitted to the Show Steward, Show Representative, or if need, Show Management who will take the request to the judge(s)

MANEUVERS

As mentioned earlier, judges are required to score a reining horse based on its execution of the maneuver groups required in each pattern. All NRHA patterns are divided into seven or eight maneuver groups. Descriptions of ideal maneuvers required of a reining horse are as follows:

Walk-in

The walk-in brings the horse from the gate to the center of the arena to begin its pattern. The horse should appear relaxed and confident. Any action which may create the appearance of intimidation including starting and stopping, or checking is a fault which shall be marked down according to the severity in the first maneuver score.

Trot-in

Horses must jog the majority of the way to the center. Failure to jog the majority of the way to the center will result in a 0 for failure to complete the pattern as written.

Stops

Stops are the act of slowing the horse from a lope to a stop position by bringing the hind legs under the horse in a locked position sliding on the hind feet. The horse should enter the stop position by bending the back, bringing the hind legs further under the body while maintaining forward motion and ground contact and cadence with front legs. Throughout the stop, the horse should continue in a straight line while maintaining ground contact with the hind feet.

Spins

Spins are a series of 360-degree turns, executed over a stationary (inside) hind leg. Propulsion for the spin is supplied by the outside rear leg and front legs, and contact should be made with the ground and a front leg. The location of hindquarters should be fixed at the start of the spin and maintained throughout the spins. It is helpful for a judge to watch for the horse to remain in the same location, rather than watching for a stationary inside leg. This allows for easier focus on other elements of the spin (i.e., cadence, attitude, smoothness, finesse, and speed).

Rollbacks

Rollbacks are the 180 degree reversal of forward motion completed by running to a stop, rolling (turning) the shoulders back to the opposite direction over the hocks and departing

in a canter, as one continuous motion. The *NRHA Handbook* states no hesitation; however, a slight pause to regain footing or balance should not be deemed hesitation. The horse should not step ahead or backup prior to rolling back.

Circles

Circles are maneuvers at the lope, of designated size and speed, which demonstrate control, willingness to guide, and degree of difficulty in speed and speed changes. Circles must at all times be run in the geographical area of the arena specified in the pattern description and must have a common center point. There must be a clearly defined difference in the speed and size of a small, slow circle, and a large, fast circle; also, the speed and size of small, slow right circles should be similar to the small, slow left circles; and the speed and size of the large, fast right circles should be similar to the large, fast left circles.

Backups

A backup is a maneuver requiring the horse to be moved in a reverse motion in a straight line a required distance; at least 10 feet.

Hesitate

To hesitate is the act of demonstrating the horse's ability to pause in a relaxed manner, at a designated time in the pattern. All NRHA patterns require a hesitation at the end of the final maneuver to indicate to the judge(s) the completion of the pattern.

Lead Changes

Lead changes are the act of changing the leading legs of the front and rear pairs of legs, at a lope, when changing the direction traveled. The lead change must be executed at a lope with no change of gait or speed and be performed in the exact geographical position in the arena specified in the pattern description. The change of front and rear leads must take place within the same stride to avoid penalty.

Run Downs and Run-arounds

Run downs are runs through the middle of the arena, and runs along the side and ends of the arena. Run downs and run-arounds should demonstrate control and gradual increase in speed to the stop.

2. Riders are allowed to hold the saddle without penalty.
3. Closed reins may be used and include but are not limited romal, roping, crossed, knotted, or taped reins.
4. Riders are allowed to ride with one or two hands at any time during the class.

A. SCORING

(1) The NRHA requires that the score for each run be reflected on a maneuver by maneuver and penalty by penalty basis utilizing a scribe and an NRHA score sheet. This score sheet represents a judge's report to an exhibitor of how a score was derived, and it is critical that this report to the exhibitor be accurate.

(2) In the name of accuracy, it is important that the judge not average scores for maneuvers (i.e., a $+\frac{1}{2}$ spin and a $-\frac{1}{2}$ spin = two 0 spins, etc.). A judge must, at the completion of each maneuver, evaluate the maneuver on the scale listed below as an individual component of the entire run.

(3) In keeping with this practice, it is also critically important that a judge not average penalties into maneuver scores. Penalties are evaluated on a separate criteria than maneuver scores and should not at any time be combined with maneuver scores (i.e., a $+\frac{1}{2}$ spin with a $\frac{1}{2}$ point over spin penalty does not = a 0 maneuver score). It is also important for a judge not to allow a penalty to adversely affect the scoring of the maneuver, unless the quality was truly affected.

(4) One key element in accurately describing the scoring of the entire run to the exhibitor is the judge's scribe. It is management's responsibility to supply a scribe at every official NRHA event; however, it is the judge's responsibility to ensure that the scribe is properly trained prior to beginning the first run of the day. The judge must confirm that the scribe understands the fundamentals of recording both maneuver scores and penalty scores. It is recommended that judges verify that the addition of the maneuver scores and penalties is correct at the completion

of the run. As part of the training process for the scribe, the judge should make certain that his/her communications are clear to the scribe. To ensure this clear communication, the judge and scribe should agree upon a method of speaking, so that maneuver scores and penalty scores are not confused (i.e., a judge will say a number for a maneuver score and will say “penalty” and a number for a penalty, thus allowing the scribe to place the appropriate score in the appropriate box on the score sheet). Scribes should be advised to record all scores and penalties in fractions as opposed to decimals to prevent errors in tabulating the final scores. If for any reason a judge does not believe that a scribe is competent, he/she should ask show management to replace the scribe immediately. An example of a correctly completed score sheet is illustrated in Figure #8 of this guide. Judges must sign every completed score sheet.

B. MANEUVER SCORES

(1) As described earlier in this guide, the NRHA has divided each pattern into sets of maneuvers. It is the judge’s responsibility to evaluate these maneuver groups individually and rate each maneuver group on the following scale:

-1½	Extremely Poor
-1	Very Poor
-½	Poor
0	Correct
+½	Good
+1	Very Good
+1½	Excellent

(2) In evaluating a maneuver, a judge should consider the horse’s performance based on the following hierarchy of concerns:

a) On pattern: The judge must ensure that the maneuver being performed by horse and rider is the correct maneuver as dictated by pattern.

(b) Correctness: Having ascertained that the horse and rider are performing the maneuver required by the pattern, the judge must then ascertain whether the maneuver is being executed correctly. In this regard, the judge must evaluate the performance of the maneuver against the requirements of the maneuver descriptions listed in this guide. In each group of maneuvers, the judge must ascertain that the horse has been dictated to completely and the basic elements of the maneuver have been fulfilled regardless of the degree of difficulty. In the instance where horse and rider have failed to correctly perform the maneuver, the judge will deduct for a substandard performance. This deduction ranges from -½ to -1½ for the maneuver.

(c) Degree of difficulty: Having ascertained that the horse and rider are on pattern and have performed the maneuver group correctly, a judge must evaluate the

degree of difficulty in completing the maneuver. In the instance where the horse has correctly performed the maneuver and has exhibited some degree of difficulty, a judge will assess the degree of difficulty on a scale of +½ to +1½. Credit for degree of difficulty should be given for using smoothness, finesse, attitude, quickness, authority and controlled speed while completing a correct maneuver.

(3) It is recommended that a judge use the same scale for evaluating a maneuver, regardless of the level of competition at an NRHA event and regardless of ground and other conditions. When utilizing the above scoring methodology, it is critically important that a judge evaluate the entire maneuver group. For example, in maneuver six of pattern eight, a judge is required to evaluate all of the following:

- (a) the run around the end of the arena
- (b) the approach to the stop
- (c) the stop
- (d) the rollback
- (e) the exit from the rollback

(4) An over emphasis of any component of the maneuver group will cause an inaccurate maneuver score.

(5) It should be noted when applying the previously described hierarchy, that during the various components of a maneuver group, a horse and rider may exhibit varying degrees of correctness and difficulty. Incorrect form, a particular component of the maneuver group does not disqualify the horse and rider from correcting the form, therefore being eligible for credit depending on degree of difficulty. For example, a horse that begins a spin incorrectly for one revolution then corrects the form and achieves a high degree of difficulty in the last three rotations would receive a score for the maneuver combining a minus score for the first rotation and a plus score for the final three rotations. Judges are required to generate a maneuver score that accurately reflects the combined correctness and degree of difficulty of the various components of a maneuver group.

C. MISCONDUCT/RE-RIDES

(1) In order to ensure that each and every exhibitor has the unconditional attention of the judge, it is imperative that the judges be allowed to concentrate on the performance of an exhibitor. In this regard, a judge must ensure that show management has provided an environment which provides for said concentration. Should any exhibitor(s) or person(s) in proximity to the show arena conduct him/her self in a manner distracting to the judge, he/she should not continue evaluating horses until the distraction has been removed by show management.

(2) If the conduct of any exhibitor is disrespectful to a judge, the judge has the right to refuse judging the exhibitor for the remainder of the show, and may request show management

remove the exhibitor from the show grounds.

(3) If an unavoidable circumstance (i.e., a fault suddenly appearing in the arena, an unpredictable major distraction to the horse, etc.) disrupts a horse and rider's pattern, the judge may allow for a re-ride. In the event a judge believes that a re-ride is warranted, he/she will ask his/her scribe to inform show management immediately upon completion of the pattern. In the case where a horse was able to complete the pattern, but a re-ride was warranted, the score should be held until the rider decides whether to exercise the re-ride option. An exhibitor who has been allowed the option of a re-ride may at his/her option:

(a) not re-ride the pattern, and be awarded the score for their original ride, **OR**

(b) re-ride the pattern in an order of go dictated by show management in consultation with judge(s), and accept the score for the second run only. A horse should never be required to rerun immediately following the original run. Rather, a sufficient amount of time should be given for the horse to rest (approximately 5 minutes). This should prevent a horse from being exhibited while in a fatigued condition.

(4) Show management, the NRHA Representative and the exhibitor have no right to petition a judge for a re-ride. Any re-ride must be entirely at the judge's prerogative.

D. REPORTS/CONDUCT

(1) Any person assuming the responsibilities of an NRHA judge is acting at all times as an NRHA official. A judge's conduct on and off the show ground must be exemplary and a reflection of the standards required by the National Reining Horse Association. A judge's judging privileges may be removed by the NRHA at any time for conduct not considered to reflect favorably upon the National Reining Horse Association.

(2) In the capacity of an official of the NRHA, it is a judge's responsibility to ensure that all deviations from NRHA standards by exhibitors or show management be noted on the NRHA representative's report. This report should include any and all examples of unprofessional conduct by exhibitors, any insufficiencies or inequities by show management, unsportsmanlike conduct by any individual, and report inhumane treatment of a horse either during exhibition or on the show grounds. It is important that a judge be aware of whom the NRHA representative is and communicates with this individual before and after the show to ensure the NRHA representative's report includes any and all concerns of the judge.

(3) When a judge agrees to officiate at an NRHA event, he/she is responsible as an official of the NRHA for ensuring that all contractual obligations with show management are both explicit and fulfilled. Any miscommunication between show management and a judge will be deemed by NRHA to be a

judge's responsibility. When a judge agrees to officiate an NRHA event, it becomes his/her responsibility to ensure the obligation is fulfilled. If a judge is unable to fulfill the obligation, it is his/her responsibility to ensure that a qualified replacement judge is available under terms suitable to the management of the event. Judges are also required to notify the NRHA office of said change.

(4) In order to fully utilize training and judging methodologies, it is imperative that all NRHA judges ensure they arrive to officiate an NRHA event in a physically well condition (i.e., well rested, prepared, on time, etc.). Judge(s) shall not appear on the show grounds more than one (1) hour prior to the scheduled start of the show unless as directed by show management.

(5) The NRHA is committed to providing its membership with the best possible judging at all levels of competition. In order to ensure this, the Association has and will continue to provide comprehensive judges applicant seminars and schools at a low cost to the individual participant in key areas throughout the reining world. The NRHA Judges Committee encourages feedback from judges, and any comments that might assist the Committee to ensure that all judging is of world class caliber.

FREESTYLE

A. SCORE CARD

(1) The NRHA has revised its standard score card for reining to accommodate the special needs of the Freestyle. (See Figure #9.)

(a) “Maneuver description” Each of the 7 required maneuvers are outlined above a specific box. Box #8 is for scoring circles, transitional maneuvers and non-required maneuvers.

(b) The line containing the “Draw/Exhibitor” box is divided into a top and bottom row. The top row is used to record any appropriate penalties and the bottom to record required maneuver scores as performed. Each maneuver box may contain multiple scores if the maneuver is performed more than once during the program.

(c) “Penalties” are to be assessed during each maneuver in which they occur and each time they occur; for example, penalties associated with lead changes will appear in the #3 and #4 boxes respectively and may be multiple if occurring more than once.

(d) The scoring of maneuvers in Freestyle remains consistent with the guidelines set forth in *NRHA Handbook*. Maneuvers are scored in $\frac{1}{2}$ point increments from a low of $-1\frac{1}{2}$ (extremely poor quality) to a high of $+1\frac{1}{2}$ (excellent quality) with 0 denoting an average or correct maneuver with little or no degree of difficulty. The “Score” boxes below the “Draw/Exhibitor” box line are used to record the official score of each required maneuver. The scores in the corresponding box above will be “averaged” and dropped down as a single official score recorded in the “Score” box. In the event a score averages a fraction other than those of $\frac{1}{2}$ point increments allowed in the scoring range, one should follow the standard mathematical practices of rounding. This will allow for the scoring of the maneuver as a “required” maneuver as well as an additional score for each time the maneuver occurs during the remainder of the performance. The required and additional scores from the “Draw/Exhibitor” box line are considered notes by the judge to aid in his/her evaluation of the maneuver designated for that box. They are not considered an official score. The total scores on the score line minus any penalties incurred (added or subtracted from 70), result in the final official score of the performance.

EXAMPLES:

Box #1 (4 L spins)

Scored a $+\frac{1}{2}$ for the required maneuver

Scored a 0 and $-\frac{1}{2}$ for additional maneuvers

Therefore, average score = 0

Box #1 (4 L spins)

Scored a 0 for the required maneuver

Scored a $+\frac{1}{2}$ and a $+\frac{1}{2}$ for additional maneuvers

Therefore, average score = .33, rounded up to a $+\frac{1}{2}$

Box #1 (4 L spins)

Scored a $-\frac{1}{2}$ for the required maneuver

0 and $-\frac{1}{2}$ for additional maneuvers

Therefore, average score = -.33, rounded down to a -½
(e) Box #8 may include multiple scores for any transitional maneuvers, circles that have not been evaluated in conjunction with another maneuver, or other non-required maneuvers as they occur. Scores are averaged and recorded in the “Score” box #8 as an overall score.

(f) If a required maneuver is not performed, the maneuver box will be blank indicating failure to perform all the required maneuvers resulting in a score of 0.

(g) In the event an “artistic impression” judge is not present, a box for an overall artistic impression score is available under the Total Penalty Box. Artistic impression may be scored in ½ point increments from a low of -2 to a high of +2. This score should consider the suitability of music, choreography and presentation of the ride.

B. SCORING PENALTIES

(1) **General Scoring Guidelines.** Scoring Freestyle requires the same rigor and diligence be applied to determine the quality of a maneuver as in any other reining class. The *NRHA Handbook* specifies that Freestyle allow the exhibitor to use maneuvers creatively but the evaluation of those maneuvers remain consistent with guidelines set forth in the *NRHA Handbook* (i.e., a 0 maneuver is the same in Freestyle as any other class). The scoring range for Freestyle maneuvers shall remain from -1½ to +1½ in ½ point increments.

(2) **Artistic Impression.** NRHA judges score the artistic impression of a performance from -2 to +2 using the following criteria:

1. Choreography: This refers to the planning and arranging of movements, steps and patterns for dancing in rhythm with the music. Ask, does the pattern flow in time and cadence with the music? If not it does not meet this parameter, it should get a (-) for this area; if it does, the ride should get merit (+). Some pieces may have partial choreography but places where it is absent, and thus a (0) for this component.

2. Originality: Ask, does this presentation bring “anything new” to the development of Freestyle Reining? New moves, maneuvers, ways of presenting the required maneuvers, increased difficulty, etc? Score accordingly (+, 0, -).

3. Musicality: This refers to how music is used in the presentation to develop the theme or “mood” of the piece/performance. Did what was presented appeal to the senses and the emotional aspects of the ride, be it serious/humorous/romantic, etc? Score accordingly (+, 0, -)

4. Presentation & Balance: This simply said, refers to how well the ride plays to all areas of the audience; does it cover the entire arena and entertain all areas of the audience equally? Score according, (+, 0, -)

A judge should consider each of these and whether the exhibitor met this parameter will give a (+) or did not consider the parameter evident in the ride (-). Accordingly a horse that does all of these (receives a (+) in all 4 categories) would be awarded

a +2 for the artistic impression. While a ride that does none of these (-) for all categories would conversely receive a -2 for artistic impression.

(3) Required Maneuvers. The required maneuvers include four (4) consecutive spins to the left, four (4) consecutive spins to the right, three (3) stops, and at least one (1) lead change in both directions. The technical judge(s) will ascertain if all requirements are met using the Freestyle Score Sheet. Failure to perform all of the required maneuvers will result in a score of 0.

(4) Penalty Application and Maneuver Scoring. The following shall result in a score of 0; failure to perform all the required maneuvers, fall to the ground by the horse or rider, balking, refusal of command, running away where it is obviously not part of the performance, equipment failure that delays the pattern even if the failure is part of the costume or a prop, and exceeding the four (4) minute time limit. (Show management should be responsible for timing and verifying the length of performances). However, not to be considered for a score of 0; use of two hands, changing of hands, use of no hands on the reins, altering the tension of the reins with a romal, or the inclusion of nontraditional, cued, or trained responses. For example, a horse taught to lie down as part of the performance is not to be considered a fall to the ground. Since no set pattern is specified in Freestyle, inclusion of maneuvers not required must not be considered a penalty situation.

(a) Judges are asked to apply more liberal guidelines in deciding what equipment/tack is allowable in the freestyle class. All equipment must meet general guidelines regarding mouthpiece size, shank length, port height, curb chain width and flatness or any other aspect that would affect whether it would be considered abusive or not. Not to be considered for disqualification would include:

1. Rope mouthpieces, if of adequate diameter ($\frac{5}{16}$ " soft and non-abrasive.
2. Cavisons, if used as part of a traditional English presentation or elsewhere, if appropriate, as long as they are loose and not the dropped style.
3. Slinkies or other head covering as long as they allow free movement of the jaw and the horse's vision is not impaired.
4. A bridleless presentation with a neck rope/reins, as long as the neck rope is smooth and loose. A judge is encouraged to halt any ride when safety and control becomes a concern.
5. Other untraditional equipment is allowable at the judge's discretion, considering its abusiveness or suitability. Exhibitors are encouraged to discuss any special equipment with a judge prior to the class as to its suitability.

(b) Jogging is allowed in Freestyle if it is in an obvious part of the performance. However, in an instance where a jog should not be present, as in exiting a rollback or a canter departure, the proper penalty should be applied.

(c) All situations which result in a no score according to NRHA rules for judging are applicable in Freestyle. Penalties, which would result in a no score, would include; any act of abuse to the horse or any animal used in Freestyle, any act of unsportsmanlike conduct, the use of illegal equipment or failure to provide horse and equipment to the appropriate judge for inspection.

(d) All five (5) point penalties apply in Freestyle except holding the saddle with the free hand. Also, the inclusion of an obvious cued or trained maneuver (i.e. a rear) should not be considered a blatant disobedience. The exhibitors will only be judged astride. Therefore, any movements performed off the horse must only be considered in the artistic impression score.

(e) Two (2) point penalties must be applied for freezing up in spins or rollbacks, and for break of gait. However, no penalty shall apply to markers or walking to the center for a departure.

(f) All lead penalties apply in the case where the judge is certain the exhibitor has not asked the horse to be on the incorrect lead. Typically it is easy to discern between a counter canter demonstration and a horse failing to respond to a rider's lead change command. In the unusual instance a judge is not clear as to whether a horse is failing to comply with the rider's lead command or demonstrating a counter canter, the benefit of doubt should always go to the rider as with all NRHA penalties.

(g) Failure to remain a minimum of 20 feet from the wall or fence shall not result in a ½ point penalty. However, fencing a horse to stops is not desirable and judges are encouraged to reflect this by reducing the maneuver score (i.e. a horse stopping within 10 feet in front of the fence should not be considered for a positive score on the stop.)

(h) When a stop is followed by a rollback or a backup it should be considered as one maneuver. If a stop is followed by a canter, jog or other transitional maneuvers, the stop is to be scored independently. Exhibitors are required to perform at least 4 consecutive spins. In the even an additional consecutive spins are performed, the maneuver score should reflect the quality of all the spins and an increased degree of difficulty. Several consecutive lead changes may be scored individually or as a group. When scoring consecutive lead changes as a group, a maneuver score must be assessed for each directional change reflecting their overall quality and degree of difficulty.

(i) Non-required or transitional maneuvers that add or detract from the technical merit of the ride should be scored and averaged as the overall score in the eighth box of the Freestyle Score Sheet (See Figure #9.)

(j) Circles may be evaluated in conjunction with a required maneuver such as a lead change or a stop, or at the judge(s) discretion may be scored separately as a transitional maneuver. The fact that circles are not required maneuvers

is not to diminish their importance in providing the exhibitor a method to demonstrate a horse's ability to guide and willingness to be controlled.

(k) When judging Freestyle, judges have the option of conference and/or videotape review when major penalties (five (5) point, 0 score and no score) occur and should follow the procedures as set forth in the *NRHA Handbook*. In any instance where a judge is uncertain as to whether or not a penalty has occurred, the benefit of doubt should always go to the rider. ♦
